VILNA NOT CAPTURED

No Confirmation of Report of Taking of City From Poles.

London, Mar. 29.—The Russian bolshieviks are continuing their offensive against the Poles with heavy reinforcements drawn from south Russia, said a Central News dispatch from Copenhagen today quoting advices received there from Warsaw.

The heaviest assaults are being made on the Podolian-Volynian front, but all were repulsed. The Polish war office announced that Russian troops drawn from the south had previously been used in the campaign against General Denikin. They were well equipped but suffered heavy losses in their repeated attacks against the Polish lines.

Warsaw announces the capture of many prisoners and much booty. According to information received by the British war office the Russian offensive included three main attacks with isolated thrusts elsewhere. The chief attacks were against both Polish flanks and the center. The Russians employed German tactics by opening with violent bombardments and following up with infantry thrusts supported by hot fire from armored motor cars and tanks. There is no official confirmation of the reports which emanated from Berlin Saturday that the Russians have taken Vilna and that the Polish government has been withdrawn from Warsaw to Bromberg.

PROHIBITION ACT UNDER FIRE IN SUPREME COURT

Unconstitutionality Claimed By Men Behind Move.

Washington, March 29.—The national prohibition amendment and the enforcement act were under attack again today before the United States supreme court. Both were attacked on the ground of alleged unconstitutionality. Attorney General McCran, of New Jersey, presented the state's appeal against both the amendment and the enforcement act. He alleged that both were an unwarranted invasion of the police powers of the state and that the enforcement act was an illegal attempt by the congress to control and regulate the interstate commerce, even if the amendment should be held unconstitutional. He declared, the enforcement act was invalid except in so far as it made provision for the control of interstate commerce.

GREENE COUNTY HAS MINIATURE STORM SUNDAY

Xenia and Greene County received the end of a perfect tornado Sunday afternoon and evening. A gale that blew anywhere from 10 to 60 miles an hour, swept Xenia's streets and the country around Xenia until late at night before it subsided. No damage, except of minor importance, was reported from the high wind however. Sand and street dirt blowing into the eyes of pedestrians and hats that were rocketing toward heaven, to the discomfort of the owners, were the most disagreeable features of the miniature tornado. In other parts of Ohio, Indiana, and Illinois the tornado reached vast proportions, wrecking buildings and causing great losses in life and property, crippling telephone and telegraph communications and transportation service. Weather observers say the high wind in this section was not a part of this tornado however, but merely local winds. The winds recall the tornado of 1916, which swept Greene county resulting in one death and a big loss of property.

TRIAL OF KAISER WILL NOT TAKE PLACE, IS WORD

London, March 29.—It was officially established today that the trial of the ex-kaiser will not take place. Premier Lloyd George was questioned upon the matter in the house of commons this afternoon and stated that "it would be futile to hold the trial with the ex-kaiser absent."

PETITION WILSON TO PUT TREATY BEFORE SENATE

New York Citizens Request the President to Aid Passage.

TO END WAR STATE Resolution Not Meeting Approval of House It Is Reported.

Washington, March 29.—New efforts to derive the treaty of Versailles were in the making today. A delegation of New York citizens were here to petition President Wilson to resubmit the treaty to the senate and announce his willingness to accept its ratification with the majority reservations. The delegation was here to petition President Wilson, Hamilton Holt, editors, and C. Homer Woodbridge, an engineer. The house foreign affairs committee was attempting to reach an agreement upon a resolution declaring the United States to be at peace with Germany. Members of the committee have agreed to point out such a resolution but have not agreed on the wording of it. Republican and Democratic leaders admit that a resolution declaring peace will meet with ready approval in the house. In the senate there is some doubt as to whether the resolution will be readily passed, because of conflicting views as to the constitutionality of such action and its political expediency.

London, March 29.—Sir Nevill MacCreedy, commissioner of the Metropolitan police has been appointed commissioner of the British military forces in Ireland, Premier Lloyd George announced in the house of commons this afternoon.

FIREMEN PREVENT SERIOUS BLAZE MONDAY MORNING

Timely aid on the part of the fire department saved a more serious fire at the home of Judge C. F. Howard at 11 o'clock Monday morning. The blaze, starting from sparks from the stove, burned about half of the roof off, but was confined to the attic by the firemen, who got it under way soon after they were called. The loss will amount to several hundred dollars which is covered by insurance. The fire was discovered by a colored man who saw the smoke issuing from the roof. He shouted to Attorney William Howard, brother of Judge Howard, who was nearby, and he notified Mrs. Howard who was in the house, and called the fire department. The fire had gained considerable headway, when the firemen rushed from the fire house a few doors away. Fireman Ed. Ellsbury, noticing sparks issuing from the chimney shortly before the fire, told firemen that he was afraid the house would catch fire. A few minutes later the alarm was turned in. Judge Howard commended firemen following the conflagration for their quick and efficient work and good judgment in the use of water in fighting the fire.

DISASTROUS FIRE SWEEPS FARM AT CEDARVILLE

Property Loss Nears \$40,000 in Blaze on Townsley Farm Sunday

BUILDINGS SUFFER High Winds Fan Flames as Workers Battle in Vain

A loss estimated at \$40,000 with about \$12,000 insurance partially covering it, was caused by fire which swept the farm of Frank Townsley, east of Cedarville, Sunday night.

The ten roomed brick dwelling, a large barn, smaller barn and two sheds were burned, while six valuable horses and two head of cattle lost their lives in the holocaust.

One hundred bushels of oats, 20 tons of hay, 800 bushels of corn, all the farming implements, and all the household goods with the exception of a few articles which were removed from the first story were destroyed.

Fanned by a high wind, the flames took everything before them, and in an hour and a half the farm buildings lay waste, the only thing remaining being a double crib containing 1,000 bushels of corn.

Thousand Witness Fire.

Although nearly 1,000 people from many miles about gathered at the scene, the intense heat, and the rapidity with which the flames spread prevented any thing except feeble efforts to stem the tide of the conflagration. The heat drove away volunteers trying to save the house by means of a bucket brigade, and several persons were scorched while trying to save the house or carry out the furniture. Burning shingles were carried half mile by the flames, and threatened the buildings on another farm of Mr. Townsley, to the north, occupied by Frank Powers. Mr. Powers and others kept vigil until late at night stamping out flames in embers which fell on the farm and among the farm buildings.

Was In Haymow.

Fifteen minutes before he noticed the flames bursting through the roof, Ralph Townsley, son of the owner who lives on, and farms the place, had been in the hay mow throwing down feed for the animals, and had seen no indication of fire.

The dwelling a ten roomed, brick house, was about 200 feet from the other farm buildings, and except for the direction of the wind, could have been saved. The smoke house, close to the dwelling was also burned with the meat of six or seven recently butchered hogs, which was being cured.

One of the horses which lost its life in the flames, was bought only a few days ago, Mr. Townsley paying \$250 for it. Fortunately the barn door was open, and the cattle were permitted to wander freely in and out of the building, many being thus saved the fate which the six horses and two cows met in the flames.

Carries \$7,500 Insurance.

Frank Townsley, owner of the farm, lives in Cedarville and he and his son Ralph, tenant on the farm are engaged extensively in the stock business. Mr. Townsley carried about \$7,500 insurance on the barns and house, with W. L. Clemans, Cedarville insurance representative, and a little over \$4,000 on the personal property.

An automobile belonging to Ralph Townsley, was rescued from one of the sheds, but was slightly damaged by sparks falling on it. Two tops of a car, belonging to Walter Liffie, were also burned. A new tractor belonging to George Hammond, who was to do some plowing for Mr. Townsley, and which was in the corn crib was saved, being run out of the crib when the latter was on fire.

The fire lighted up the sky so that it was seen for miles, persons in Dayton, Springfield, London, Jeffersonville and Xenia, being attracted to the scene.

COLBY TAKEN ILL; IS NOT SERIOUS

Washington, March 29.—Secretary of State Colby was taken ill upon his return from New York and today is under a physician's care at his apartment in a hotel here. It was stated that the secretary is "quite ill" although not dangerously so.

OUR MEMORIAL TO NATION'S DEAD

Made of American marble and costing almost \$900,000, the tribute of America to her heroes of the army and navy will be dedicated on Decoration Day, this year. Erected in the Arlington National Cemetery, Washington, D. DAYLIGHT PLAN NOT OPPOSED BY RAIL OFFICIALS

Measure Will Be Brought Before the Commission.

That the Pennsylvania Railroad is taking no action on the daylight saving proposition, either for or against it, and that it assuredly is not opposing such a plan, was learned through official circles by the Gazette and the Republican today.

Superintendent R. C. Barnard, when talked to over long distance telephone Monday afternoon, expressed himself personally as being heartily in favor of the plan for more daylight, and it is believed that his opinion in the matter is also taken by other railroad officials. Railroad trainmen and the night yard men are backing Commissioner Arthur Whalen in his fight against the measure in the city commission, it was learned through conversations with local railroad men. Day office men, clerks, yardmen, and trainmen, and employees in the railroad offices ad on the high track, have practically all expressed themselves in favor of the project.

The statement made by Commissioner Whalen that the change would mean confusion to railroad men, was denied by a local official of the company Monday. The official gave out the statement that railroad men would retain the same time as the railroads, that is, standard time, and as they are trained in keeping the proper time, no confusion should result. It would mean that they go to work and quit at the same time, according to the schedule they are carrying, and would not need result in any confusion whatever.

It is expected that the Commission will be divided on the subject when the ordinance comes to a vote before the recess meeting of the Commission Monday night. It is also anticipated that defenders of the plan and objectors to it will crowd the commission chamber in representation of their particular sides in the question.

Action taken by the farmers at a meeting in this city Saturday, at which time they said they would fight the measure, will probably result in a delegation of the rural element at the meeting Monday night. With the commission divided on the project it is expected that a lively argument will ensue for and against the measure before it is put to a vote.

OFFER OF FINANCIERS REPORTED WITHDRAWN

Berlin, March 29.—It has been learned from American sources, says the Tagblatt today, that a number of American financial concerns, which had offered to provide credit to aid in the recovery of German trade, have withdrawn their offers as a result of the recent Kapp coup d'etat. For the same reason, adds the newspaper, the negotiations which had been nearly completed for shipments of large quantities of potash to America, have been indefinitely postponed.

WORST STORM KNOWN IN HISTORY RAVAGES COUNTRY ON SUNDAY

Illinois, Indiana, Michigan, Ohio, Wisconsin and Georgia In Path of Windstorm That Causes Great Damage.

EXPECT THE DEATH LIST WILL REACH 200

Churches Crash on Congregations, Houses Blown off Foundations as Tornado Sweeps Chicago Killing 31 Persons; Ohio Also Hit.

Chicago, March 29.—With at least 159 persons dead and 1,000 injured in Illinois, Indiana, Michigan, Ohio, Wisconsin and Georgia, the tornadoes which swept these states late Sunday make that day historical in the history of the country's storm disasters.

Hour by hour the death list grows, and when the full toll of the storms is counted it is believed that it will bear the names of at least 200 victims.

In Chicago and its suburbs there are 31 known dead, 500 injured and 1500 homeless. The hospitals are filled almost to overflowing, and martial law has been put in force in the districts hardest hit. The property loss in Illinois alone was estimated at \$20,000,000. The fact that the destruction was not more complete within the Chicago limits was attributed to the warding off of the storm by Lake Michigan, which always has been regarded as an insurance against tornadoes here.

Columbus, O., March 29.—Three persons were hurt and considerable damage was done to property when the tag end of the western storm hit Columbus last night. Both telephone and telegraph communication was stopped temporarily by a severe thunder storm.

Detroit, Mich., March 29.—According to meager reports reaching here this morning at least eight persons are dead and many injured as a result of last night's tornado which swept over portions of South Michigan. George Malburg, a farmer of Hart, Mich., was crushed to death when his barn collapsed before the gale. Seven men were killed and a young woman seriously injured west of Fenton, Michigan.

Cleveland, O., Mar. 29.—More than twenty dead, at least a hundred injured and a dozen villages in ruins, this, according to fragmentary reports reaching here, was the toll of a cyclonic storm which swept the western border of Ohio yesterday.

Chicago, March 29.—Large loss of life and property damage was caused by a storm that swept over Chicago and its suburbs yesterday.

Reports that filtered in over crippled telephone wires put the death list at 30 and the injured at more than 500. The property damage was estimated at from \$5,000,000 to \$10,000,000.

While only partial communication had been established with outlying districts last night, fragmentary details indicated that the storm had swept a belt around Chicago approximately 40 miles wide. Towns and villages were left with buildings razed and scores injured.

At least seven persons were killed and property damage estimated as high as \$4,000,000 was caused at Elgin.

A large part of the business quarter and a portion of the residential section was in ruins last night and it was feared more bodies were under the wreckage.

Military law was declared and the streets cleared by troops to prevent looting. Elgin was in darkness last night. More than 100 persons were injured in this city.

Martial Law Proclaimed.

On proclaiming military law Mayor Price called out Company D, 10th Illinois National Guard, to patrol the wrecked area. He also asked for volunteers and more than 100 former service men in uniform and scores of Boy Scouts responded.

PURSE SNATCHER MAKES ESCAPE AFTER STEALING HANDBAG

Mrs. Frank Dodds, of the Dodds Apartments was the victim of a highwayman shortly before eight o'clock Saturday evening, when her handbag, containing \$18 in money, was snatched from her hand while she was crossing the street, under the electric light at Church and Collier streets.

The bloodhounds owned by O. M. Lees of the Atlas Hotel were placed on the trail of the purse-snatcher by the police as soon as they were notified, but the dogs failed to uncover the criminal. They lead police, however, to where the purse, emptied of its contents, had been thrown away, in the Roberts addition.

Mrs. Dodds had just left the Library and was crossing the street corner directly under the electric light. Two men came through Collier street, separating at the corner one of them continuing across the street. As he passed Mrs. Dodds, he snatched the hand bags from her grasp, and ran back into the Roberts field. He was described as being white, medium sized slim, and wearing about a week's growth of beard.

Mrs. Dodds was unable to positively identify either one of two men arrested on suspicion by the police, as being her assailant.

FAMINE IN RUHR DISTRICT LOOMS OVER 4 MILLION

Red Forces Continue To Advance Capturing More Villages.

DISORDERS IN BERLIN

German Workers Threaten To Renew General Strike Is Reported.

Copenhagen, March 29.—Four millions of people in the Ruhr district of Germany are threatened with famine as a result of the fighting which has stopped the transportation of food, according to a report from Cologne to the Berlinische Tidende today.

Fighting between the German troops and the government troops in the Ruhr district has died down, it is reported.

London, March 29.—The German red forces in the Ruhr district continue their onward march and have captured six more villages from the government troops, said an Exchange Telegraph dispatch from Munster, capital of Westphalia today.

The government troops are expected to begin an offensive tomorrow.

Violent artillery fighting is reported from Wesel.

London, March 29.—Further disorders have broken out at Berlin, according to a report telegraphed here today by the Zurich correspondent of the Exchange Telegraph. He added that the German workers are threatening to renew the general strike Thursday.

TWO BIG FOUR BROTHERHOODS TAKEN BY A. F. L.

Engineers and Conductors Admitted to Membership In May.

Washington, Mar. 29.—Two of the big four railroad brotherhoods will be admitted to the American Federation of Labor at the May meeting of its executive council. President Samuel Gompers announced today. They are the Brotherhood of Locomotive Engineers and the Order of Railway Conductors.

Admission of the first two members of the "Big Four" will be followed by similar action on the part of the remaining pair, said Mr. Gompers. "This affiliation is a natural evolutionary step," he added. "The federation has a goal of 6,000,000 members with the brotherhoods bringing its present membership to almost five million."

The conservative labor leaders declare the consolidation means a minimization of strikes and a reorganization along American lines.

Many Strange Pranks.

Stories of the strange pranks of the storm were many. The families of Louis and Charles Denning were seated at dinner when the tornado lifted the house from over their heads without injuring any of the party. Ten houses in a space of three blocks in that neighborhood were totally destroyed.

Hardly a business block downtown escaped damage. The Kelly and Foster hotels lost most of their windows. Part of the roof of the City Hall was carried away and many of the windows broken.

Six box cars standing at the Chicago and Northwestern station were hurled down the embankment to the edge of the Fox River.

William McClure, city assessor, estimated last night, after a survey of the wrecked district, that it will cost \$4,000,000 to restore the buildings destroyed and damaged. Few of the sufferers carried tornado insurance.

AUTO LICENSE BLANKS EXPECTED MONDAY NIGHT

Blankets to accompany the automobile license plates will arrive in this city for distribution by the Xenia Shoe and Rubber Company Monday evening.

City Auditor T. H. Zell telephoned the Secretary of State's office notifying them that although the plates had arrived that there were no blanks with them and was advised that the blanks would be mailed today and are expected here this evening.

The Xenia Shoe and Rubber Store, official distributing station for the licenses, will remain open every evening until nine o'clock in order to serve the auto owners of the county.

Marcus McCallister has taken a position at the store to assist in view of the fact that the plates must be secured by April 1, permitting only two days to comply with the law.

FARMERS WILL FORM CO-OPERATIVE PLAN FOR AN ELEVATOR

Sixty farmers attending a meeting which was held in Spring Valley Saturday night, decided to proceed with plans to form a co-operative elevator company in that locality. If the plans are completed, the company will probably take over the elevator at Spring Valley and Roxanna. Twenty persons signed the agreement to take stock in the company, at the Saturday night meeting. County Agent Ford S. Prince, and Charles Latsch, who is head of the Ohio Co-operative Elevators Association, addressed the meeting.

A meeting will be held Wednesday night at New Jasper, when plans will be made to form a co-operative elevator there. Mr. Latsch and Mr. Prince will be present.

The Xenia Farmers' Exchange, a co-operative elevator company for Xenia, will organize at a meeting to be held here Thursday afternoon.

ELKS' SHOW BEING WORKED INTO SHAPE

Ralph Hamilton, advance director for the Joe Bren Production Company, of Chicago, Ill., will arrive in this city Saturday night to begin rehearsals for the "Jollies of 1920," the minstrel musical comedy to be presented at the opera house, on the nights of April 12, 13 and 14, by the local lodge of Elks.

Advance literature sent to the local promoters by the Bren Company, states that all participants in the production must be on hand Saturday night at 7:30 at the Elks' Hall for the initial rehearsal. Twenty-eight men and 20 women will be used in the cast, seven of the men working as end men and four women having speaking parts.

The old-time minstrel circle will be used in the first part while the second part will be a skit called "Inside Inn." The piece is lively, full of new songs and clever arrangements. The Elks hope to present those premier amateur end men, George Schwartz and Harry Kiernan, in blackface art in the opening part.

MONMOUTH COLLEGE GLEE CLUB GIVES A SUCCESSFUL PROGRAM

The Girls' Glee Club of Monmouth College, with Miss Alice Maxwell, reader, and Miss Evelyn Port, accompanist, gave a program which pleased a large audience at the First United Presbyterian church Saturday night. The entire company attended the United Presbyterian church Sunday morning, and also took part in the union service at the First church, Sabbath night.

INFANT SON OF KARL BABB DIES

John Rankin Babb, infant son of Mr. and Mrs. Karl R. Babb, of East Second street, died Sunday afternoon at one o'clock.

The child was but 19 days old and the cause of death has not been determined. There are two other children surviving. Funeral services were held from the home on East Second street Monday afternoon, brief services being in charge of Rev. Albert Read, of the First Baptist church. Burial was made in Woodland.

PROMINENT SINN FEIN LEADER IS SHOT TO DEATH

Dublin, March 29.—Thomas O'Dwyer, a prominent Sinn Fein leader was assassinated in his home at Turley early today. He was shot to death by a masked man who broke into the house and forced his way into O'Dwyer's bedroom.

This was the second assassination of prominent Sinn Fein leaders in Dublin, since last Friday. Business at Turley has been suspended because of the intense feeling.

PALM SUNDAY OBSERVED BY XENIA CHURCHES WITH SPECIAL SERVICES

Dr. W. A. Wiant, district superintendent of the Springfield district of the Methodist Episcopal church, paid his quarterly visit to Trinity church, Sunday.

Dr. Wiant preached at the morning service, a large congregation hearing him. His theme was "The Pre-eminent Christ."

There have been 15 accessions to the church since the opening of the evangelistic services, and several of the converts were received into the church Sunday morning. Sunday evening the pastor, Rev. V. F. Brown D. D., preached to a large congregation on the topic "The Last Invitation."

Evangelistic services at Trinity will close Easter Sunday. Dr. Brown preaches each evening, and Monday night his topic will be "Acquaintance With God." The choir rendered special service.

The Easter song service will be rendered by Trinity choir next Sunday afternoon at 4 o'clock, under the direction of Mrs. W. H. McGervy.

"The only solution to good family life is the single standard of morality for men and women with a religious foundation," said the Rev. Charles E. Bennett, in his sermon "Modern Cain's Wives," at the First Methodist Episcopal church Sunday night.

Comparing the United States with Germany, both religiously and politically, Dr. Thomas H. McMichael, president of Monmouth College, addressed a large congregation at a union service of the two local United Presbyterian churches and the James-town congregation, which was held Sunday night at the First church.

Dr. McMichael said that the home, the school and the church, are the foundations of all successful nations.

The Rev. Thomas McMichael, president of Monmouth College, who spent the week-end in Xenia, preached at the morning service Sabbath at the Second United Presbyterian church.

Dr. McMichael who was greeted by a large congregation preached on the theme "Three Opinions of Christ." First, "Truly this is a righteous man," showing the character of Jesus from a human point.

Second, "This was the Son of God," dealing with His divine character, and third, Thomas, Statement, "My Lord and My God," dealing with the personal revelation of Jesus. This is Dr. McMichael's home county, he having spent his boyhood here, and many old friends and acquaintances were glad to greet him.

The Girls' Glee Club of Monmouth, which gave a concert at the First U. P. Church Saturday night, was in charge of the praise service at the morning service at the Second Church.

The double standard, the pastor declared, is one reason why there are more men than women in the penitentiaries, and more women than men in the churches.

Special services in connection with Palm Sunday were held in the morning, and the pastor preached from the theme "The Christian's Triumph." A double quartette sang "The Palms," and the male chorus sang at 9:15. A special service was conducted for men at 2:30, a large congregation hearing the evangelist James Joy Jeffreys. He spoke on "The Christian Watchman."

Ten new members were baptized by the pastor. The congregations at all the services were very large.

In the afternoon Rev. Mr. Bennett who is chairman of the Spiritual Resources committee of the Inner Church movement for the county, conducted enlistment day at the O. S. & S. O. Home. About 100 young folks notified him of their intention to affiliate with various churches in the city.

Services at the First Lutheran church all day Sunday took on a special significance because of the day, Palm Sunday.

A special program of music was rendered in the Sunday school, a violinist and pianist from Dayton, adding to the interest of the program. An illustrated talk on the palm tree was given by the pastor, Dr. B. B. Uhl, for the children.

The morning and evening sermons by the pastor had special Palm Sunday messages. Holy week services will be held at the church each evening this week.

Symbolic of the triumphal entry of Christ into Jerusalem, palms were blessed and distributed to the congregation at 9:30 o'clock Mass at St. Brigid's church yesterday. During the reading of the passion of Jesus Christ from the Gospel, the congregation stood holding the palm branches in their hands. The pastor, Rev. Albert A. Burke based his sermon on Christ's triumphal entry.

Holy week services at St. Brigid's church will be held throughout the week, beginning Tuesday evening, with a sermon and benediction of the Blessed Sacrament. Thursday evening, the Rev. Martin Varley, of Winston Place, Cincinnati, one of the more eloquent preachers in the diocese, will preach, his topic being the Holy Eucharist.

Bearing palm branches in their hands and led by Robert Adair who carried aloft a cross formed of palms, the vested choir of Christ Episcopal church sang the processional opening at the Palm Sunday services.

The day marks the close also, of the Mission which has been conducted at Christ church for a week by Archdeacon Dodson of Zanesville.

The regular Palm Sunday service noon the Archdeacon preached on "The End of the World," in the morning. Dr. Dodson showed the fallacy of the predictions of the

Bliss Native Herb Tablets

Your face is covered with pimples. Your skin is sallow. The eyes are yellow. You have headaches. You are tired all the time. Your sleep is disturbed by bad dreams. You don't want to get up in the morning. You have to force yourself to work. That is because your STOMACH, LIVER and KIDNEYS are out of order and you are CONSTIPATED. One BLISS NATIVE HERB TABLET at night before going to bed, and you get rid of all such troubles. Mrs. John T. Evans, R. F. D. 1, Potosi, Mo., writes: "I suffered with pimples on the back. I could not rest at night. My back hurt me so badly I could not lie still one way or the other. I began using your medicine and after a while the pimples on my back were relieved. Each box contains a GUARANTEE coupon, and is sealed with a blue seal bearing the signature of ALONZO O. BLISS. approach of the end of the world, as not more than one third of the people of the whole world have the gospel preached to them, and that the universe must be converted to God before the end of time. In the afternoon the Archdeacon preached on "Spiritualism," and in the evening on "Paul Before Felix."

Services at the Presbyterian Church Sunday were not of a special nature owing to Palm Sunday. In the morning the pastor Rev. J. O. C. McCracken preached from the topic, "Jesus Before Pilate," and in the evening, his subject was "Calvary."

At the morning service a trio of girls from the Monmouth Glee Club sang special numbers.

Special services at this church are beginning Monday evening, and the Rev. M. E. Koonce of South Charleston will preach every evening. The Communion service will be held next Sunday morning. In the evening the choir will render an Easter cantata.

RHEUMATISM AND STOMACH EVILS SOON VANISHED

Geo. W. Williams Tells How Quickly Nerv-Worth Did the Work.

Richmond, Ind., users of this famous family tonic are enthusiastic in their reports. One of these put into the form of a signed endorsement, is as follows:

Nerv-Worth Co.—I have been bothered with rheumatism for some time. Some days hardly able to get about. I tried a number of remedies but it was Nerv-Worth that set me right. I read the statements of others and decided to give it a trial and am happy to say that it drove rheumatism out of my system. It also stopped my stomach trouble.

(Signed) GEO. W. WILLIAMS, 308 N. 4th St., Richmond, Ind.

The demonstrator adds to the above that Mr. Williams got the wonderful results reported by him from not quite one bottle of Nerv-Worth and is loud in praise of the medicine.

RHEUMATISM A DREAD DISEASE

Caused by Acid Poison in the Blood.

Rheumatism is a disease that is to be dreaded. If neglected, sooner or later it will become chronic and incurable in nature, when the best system and gradually undermines the life. Those so afflicted may linger a number of years and die slowly by inches, enduring all the time the most intense agony.

One disadvantage of rheumatism is the persistent character of the disease, the pain all the time undergoing a constant variety of changes, which breaks down and wears out one's system and gradually undermines the health and sometimes makes the sufferer a cripple for life.

If you are suffering from rheumatism, gout, lumbago or sciatica, you can make no mistake in taking Prescription C-2223, because the manufacturers have authorized all druggists to give you back your money if two \$1.50 bottles do not satisfactorily relieve you. Again, Prescription C-2223 contains no morphine, cocaine, chloral mercury or other dangerous or poisonous drugs. You experience no inconvenience from the treatment and your money is refunded if you don't agree that this Prescription is the best rheumatic and blood treatment on the market.

While taking Prescription C-2223, use a liver and bowel regulator, 2223 Liver Pills. They do not nauseate or gripe. This is very necessary.

The sooner you begin taking Prescription C-2223, the better, so go to your nearest druggist today. If he will not supply you, one bottle and a box of Liver Pills will be sent you on receipt of \$1.75. Write Dept. 127, 2223 Laboratory, Memphis Tenn., for 1920 Almanac, literature and a sample of Liver Pills.

Doesn't Have TO LIE DOWN THRU DAY NOW

This Woman Can Keep Going All Day Since Taking Vola-Tonic.

Mrs. Lou Anderson, 119 West Fourteenth street, Cincinnati, O. is stronger and better since taking Vola-Tonic. "Builder of Strength," and doesn't have to lie down and rest during the day now.

"I was weakened and run down," Mrs. Anderson said. "Lots of times I felt so weakened and tired out during the day that I had to stop my housework and go lie down and rest."

"My appetite was poor and my stomach was out of order. It didn't make any difference how good a meal I cooked, I didn't care for it. The little food I did eat didn't agree with me. Gas always formed on my stomach after meals and caused a pressing against my chest and pains. I belched a great deal after meals, also. I was badly troubled with constipation, too."

"Within two days after I started taking Vola-Tonic I felt better and stronger. My appetite returned and I found that I could eat without distress afterward. It didn't form on my stomach as it did before and the pressing against my chest and pains disappeared. The constipation left me very quickly also."

"I kept on taking Vola-Tonic and now I'm stronger and I don't have to stop my housework and go lie down and rest during the day now."

"I can eat about anything I cook, too, and I enjoy my meals. Even the smell of food is different. Everything is appetizing."

What causes Indigestion

An excess of acid in the stomach sours the food and starts fermentation. Distressing gases form. You meals don't digest but lay like lumps of lead. Then you have heartburn, flatulence, fullness, belching, headache, and real misery in the stomach and intestines.

A few tablets of "Pape's Diapiesin" bring relief almost as soon as they reach the stomach. "Pape's Diapiesin" costs little at drug stores.

MARION MAN GOT NO RELIEF FROM VISIT TO CITIES.

Made special trip to Cleveland and Toledo for medicine which did his rheumatism and stomach trouble no good.

COULDN'T BEND OVER

Back ached, joints sore, muscles painful, the new medicine Drecto has relieved him.

"I even made special trips to Cleveland and Toledo to buy medicine for my ailments but none of it did me any good," are the words of Mr. F. E. Dreher, the expert carriage maker, who has lived in Marion, O., the past 22 years and now resides at 308 Girard Ave.

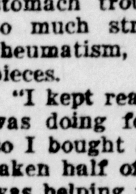

"My back gave me lots of trouble. I could not bend over, without great pain. There was a continued burning right over my kidneys. My joints were full of rheumatism and my muscles sore and drawn. My stomach seemed like it was on fire and would fill up with gas. I think my stomach trouble came from taking so much strong medicine for the rheumatism, and tore it all to pieces."

"I kept reading about what Drecto was doing for people around here, so I bought a bottle. Before I had taken half of it, I could see that it was helping me. It eased my stomach; stopped the burning and gas and quieted my nerves so that I could sleep. Then the pains began to ease up in my back and I could stoop and bend without suffering as formerly. My joints got supple and muscles relaxed. I continued taking Drecto and today I haven't a pain in my body. I think Drecto deserves the praise of every one in this city."

Drecto acts on the kidneys, aiding them to strain the rheumatic poisons from the blood; overcomes stomach trouble; relieves constipation and rebuilds rundown systems.

All good druggists sell Drecto and it's Son's Drug Store.

AUTO LICENSE BLANKS EXPECTED MONDAY NIGHT

Blanks to accompany the automobile license plates will arrive in this city for distribution by the Xenia Shoe and Rubber Company Monday evening. City Auditor T. H. Zell telephoned the Secretary of State's office notifying them that although the plates had arrived that there were no blanks with them and was advised that the blanks would be mailed today and are expected here this evening.

The Xenia Shoe and Rubber Store, official distributing station for the licenses, will remain open every evening until nine o'clock in order to serve the auto owners of the county.

Marcus McCallister has taken a position at the store to assist in view of the fact that the plates must be secured by April 1, permitting only two days to comply with the law.

Advance literature sent to the local promoters by the Bren Company, states that all participants in the production must be on hand Saturday night at 7:30 at the Elks' Hall for the initial rehearsal. Twenty-eight men and 20 women will be used in the cast, seven of the men working as end men and four women having speaking parts.

The old-time minstrel circle will be used in the first part while the second part will be a skit called "Inside Inn." The piece is lively, full of new songs and clever arrangements. The Elks hope to present those premier amateur end men, George Schwartz and Harry Kiernan, in blackface art in the opening part.

PALM SUNDAY OBSERVED BY XENIA CHURCHES WITH SPECIAL SERVICES

Dr. W. A. Wiant, district superintendent of the Springfield district of the Methodist Episcopal church, paid his quarterly visit to Trinity church, Sunday.

Dr. Wiant preached at the morning service, a large congregation hearing him. His theme was "The Pre-eminent Christ."

There have been 15 accessions to the church since the opening of the evangelistic services, and several of the converts were received into the church Sunday morning. Sunday evening the pastor, Rev. V. F. Brown D. D., preached to a large congregation on the topic "The Last Invitation."

Evangelistic services at Trinity will close Easter Sunday. Dr. Brown preaches each evening, and Monday night his topic will be "Acquaintance With God." The choir rendered special service.

The Easter song service will be rendered by Trinity choir next Sunday afternoon at 4 o'clock, under the direction of Mrs. W. H. McGervy.

"The only solution to good family life is the single standard of morality for men and women with a religious foundation," said the Rev. Charles E. Bennett, in his sermon "Modern Cain's Wives," at the First Methodist Episcopal church Sunday night.

Comparing the United States with Germany, both religiously and politically, Dr. Thomas H. McMichael, president of Monmouth college, addressed a large congregation at a union service of these two local United Presbyterian churches and the James town congregation, which was held Sunday night at the First church.

Dr. McMichael said that the home, the school and the church are the foundations of all successful nations.

The Rev. Thomas McMichael, president of Monmouth College, who spent the weekend in Xenia, preached the morning service Sabbath at the Second United Presbyterian church.

Dr. McMichael who was greeted by a large congregation, preached on the theme "Three Opinions of Christ." First, "Truly this is a righteous man," showing the character of Jesus from a human point.

Second, "This was the Son of God," dealing with His divine character, and third, "Thomas' Statement, 'My Lord and My God,' dealing with the personal relation of Jesus. This is Dr. McMichael's home county, he having spent his boyhood here, and many old friends and acquaintances were glad to greet him.

The Girls' Glee Club of Monmouth, which gave a concert at the First U. P. church Saturday night, was in charge of the praise service at the morning service at the Second Church.

The double standard, the pastor declared, is one reason why there are more men than women in the penitentiaries, and more women than men in the churches.

Special services in connection with Palm Sunday were held in the morning, and the pastor preached from the theme "The Christian's Triumph." A double quartette sang "The Palms," and the male chorus sang at 9:15. A special service was conducted for men at 2:30, a large congregation hearing the evangelist James Joy Jeffreys. He spoke on "The Christian Watchman."

Ten new members were baptized by the pastor. The congregations at all the services were very large.

In the afternoon Rev. Mr. Bennett who is chairman of the Spiritual Resources committee of the Inter-Church movement for the county, conducted enlistment day at the O. S. & S. O. Home. About 100 young folks notified him of their intention to affiliate with various churches in the city.

Services at the First Lutheran church all day Sunday took on a special significance because of the day, Palm Sunday.

A special program of music was rendered in the Sunday school, a violinist and pianist from Dayton, adding to the interest of the program. An illustrated talk on the palm tree was given by the pastor, Dr. B. B. Uhl, for the children.

The morning and evening sermons by the pastor had special Palm Sunday messages. Holy week services will be held at the church each evening this week.

Symbolic of the triumphal entry of Christ into Jerusalem, palms were blessed and distributed to the congregation at 9:30 o'clock Mass at St. Bridgid's church yesterday. During the reading of the passion of Jesus Christ from the Gospel, the congregation stood holding the palm branches in their hands. The pastor, Rev. Albert A. Burke based his sermon on Christ's triumphal entry.

Holy week services at St. Bridgid's church will be held throughout the week, beginning Tuesday evening, with a sermon and benediction of the Blessed Sacrament. Thursday evening, the Rev. Martin Varley, of Winton Place, Cincinnati, one of the more eloquent preachers in the diocese, will preach, his topic being the Holy Eucharist.

Bearing palm branches in their hands and led by Robert Adair who carried aloft a cross formed of palms, the vested choir of Christ Episcopal church sang the processional opening at the Palm Sunday services.

The day marks the close also, of the mission which has been conducted at Christ church for a week by Archdeacon Dodson of Zanesville.

The regular Palm Sunday service noon the Archdeacon preached on "The End of the World" in the morning. Dr. Dodson showed the fallacy of the predictions of the

RHEUMATISM AND STOMACH EVILS SOON VANISHED

Geo. W. Williams Tells How Quickly Nerv-Worth Did the Work.

Richmond, Ind., users of this famous family tonic are enthusiastic in their reports. One of these put into the form of a signed endorsement, is as follows:

Nerv-Worth Co.—I have been bothered with rheumatism for some time. Some days hardly able to get about. I tried a number of remedies but it was Nerv-Worth that set me right. I read the statements of others and decided to give it a trial and am happy to say that it drove rheumatism out of my system. It also stopped my stomach trouble.

(Signed) GEO. W. WILLIAMS, 103 N. 4th St., Richmond, Ind.

The demonstrator adds to the above that Mr. Williams got the wonderful results reported by him from not quite one bottle of Nerv-Worth and is loud in praise of the medicine.

DOESN'T HAVE TO LIE DOWN THRU DAY NOW

This Woman Can Keep Going All Day Since Taking Vola-Tonic.

Mrs. Lou Anderson, 119 West Fourteenth street, Cincinnati, O. is stronger and better since taking Vola-Tonic, "Builder of Strength," and doesn't have to lie down and rest during the day now.

"I was weakened and run down," Mrs. Anderson said. "Lots of times I felt so weakened and tired out during the day that I had to stop my housework and go lie down and rest. My appetite was poor and my stomach was out of order. I didn't like food. I didn't care for it. The little food I did eat didn't agree with me. Gas always formed on my stomach after meals and caused a pressing against my chest and pains. I belched a great deal after meals, also. I was badly troubled with constipation, too."

"Within two days after I started taking Vola-Tonic I felt better and stronger. My appetite returned and I found that I could eat without distress afterward. Gas didn't form on my stomach as it did before and the pressing against my chest and pains disappeared. The constipation left me very quickly also."

"I kept on taking Vola-Tonic and now I'm stronger and I don't have to stop my housework and go lie down and rest during the day now."

"I can eat about anything I cook, too, and I enjoy my meals. Even the smell of food is different. Everything is appetizing."

Vola-Tonic, "Builder of Strength," has helped thousands of weakened run down men and women and it will do for you what it has done for others. Get Vola-Tonic TODAY! Vola-Tonic is being specially introduced in Xenia at Sayre and Hemphill's.

RHEUMATISM A DREAD DISEASE

Caused by Acid Poison in the Blood.

Rheumatism is a disease that is to be dreaded. If neglected, sooner or later it will become chronic and incurable in nature, when the best system and gradually undermines the life. Those so afflicted may linger a number of years and die slowly by inches, enduring all the time the most intense agony.

One disadvantage of rheumatism is the persistent character of the disease, the pain all the time undergoing a constant variety of changes, which breaks down and wears out one's system and gradually undermines the health and sometimes makes the sufferer a cripple for life.

If you are suffering from rheumatism, gout, lumbago or sciatica, you can make no mistake in taking Prescription C-2223, because the manufacturers have authorized all druggists to give you back your money if two \$1.50 bottles do not satisfactorily relieve you. Again, Prescription C-2223 contains no morphine, cocaine, chloral mercury or other dangerous or poisonous drugs. You experience no inconvenience from the treatment and your money is refunded if you don't agree that this Prescription is the best rheumatic and blood treatment on the market.

While taking Prescription C-2223, use a liver and bowel regulator, 2223 Liver Pills. They do not nauseate or gripe. This is very necessary.

The sooner you begin taking Prescription C-2223, the better, so go to your nearest druggist today. If he will not supply you, one bottle and a box of Liver Pills will be sent you on receipt of \$1.75. Write Dept. 127, 2223 Laboratory, Memphis Tenn., for 2223 Almanac, literature and a sample of Liver Pills.

SAYS DWELLER OF CITY IS NOT UP ON FARM

The average city dweller is totally ignorant of the farmers' problems.

He needs education along lines which will bring both the farmer and the inhabitant of the city closer together.

Dean Alfred Vivian of the college of agriculture, Ohio State University, and O. E. Bradfute, president of The Ohio Farm Bureau Federation, brought this before members of the Greene County Farm Bureau Federation brought this which was held Saturday afternoon in Mr. Bradfute's said that education along these lines was one of the objects of the state and national farm bureau federations.

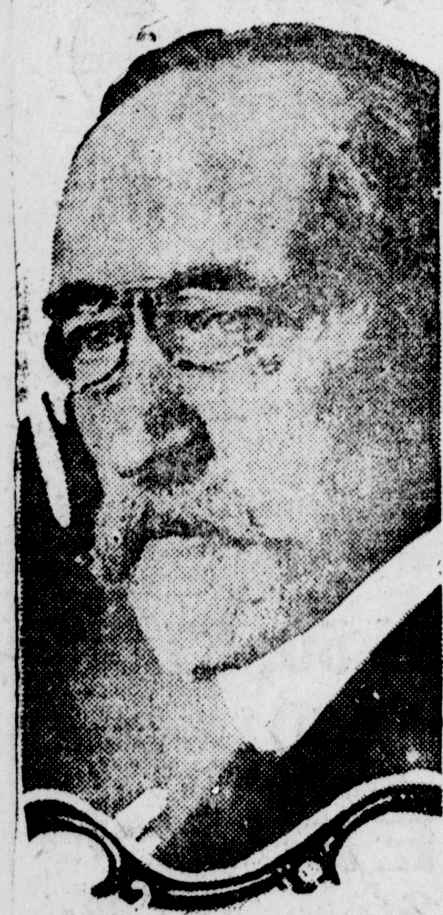

The person living in the county has a fairly good insight into the needs and problems of the city, obtained through his reading of the daily newspapers, declared Mr. Bradfute, while comparatively few city folks have an opportunity of hearing the farm problems which are presented through the medium of the farm papers.

"We must break into daily press and magazines with things that concern our industry," declared Mr. Bradfute. "It's a big job, and one that will take time, but it must be done."

Organization and co-operation among farmers for mutual benefit through such societies as the farm bureaus and the grange, were urged by both speakers.

Mr. Bradfute outlined things that the farm bureau has accomplished, one of the greatest, being, he declared, in co-operation with the grange, the de-

Worst Storm

(Continued From Page One)

windstorm seven years ago next July, but the damage at that time was not heavy.

Mrs. H. Hansen and Edward Jameson were killed, several hundred injured and 1,000 made homeless at Dunning a northwest suburb. More than 150 houses, mostly frame structures, were destroyed there.

Mrs. Hansen and her four children were in the parlor of their home when the building was blown over by the wind. The children were uninjured. Jameson was buried in the debris of his cottage.

The Chicago State Hospital at Dunning was not damaged, but several smaller buildings on the hospital's farm were destroyed. The injured were taken to the hospital, which also was converted into a barracks for the homeless.

Many Towns Damaged.

At Plainfield, a small town west of Chicago, two persons were injured, probably fatally, when their home was blown down. Twelve other persons were less seriously hurt and damage estimated at \$25,000 done in the town.

Among near-by towns damaged by the storm, according to reports, were Wauconda, Melleny, Woodstock, Algonquin and Marengo. Dundee was reported to have been passed over by the storm, but damage in the surrounding farming country was heavy.

At least 10 persons were killed in Melrose Park and Belwood, where 300 homes were demolished.

The village of Dunning, where the State Hospital for the Insane is located, reported two dead and 35 injured. Many buildings were wrecked.

Wilmette, a suburb of 5000 in the northeast part of Cook county, reported almost every building razed or damaged. No loss of life was reported.

Addison Heights, a suburb of Chicago, reported five killed and 50 injured.

Terrible Tortures From Itching Skin Diseases

No Sure Relief Until the Cause Is Removed.

When the blood becomes infected with millions of tiny disease germs that attack the skin, then the fiery irritation and intense itching will remain with you until these germs are removed from the blood.

Genuine relief therefore, can only be expected from a treatment that goes right to the seat of the

trouble, and strikes at its cause. Such a remedy is S. S. S., the reliable old blood purifier that kills the germs of disease, and sends a new supply of rich red blood coursing through the veins.

S. S. S. has been used successfully in some of the worst cases of eczema and other skin disorders.

Nurses Rushed to Scene.

Doctors and nurses from Chicago were being rushed into the stricken areas. It was expected many injured would be rushed to Chicago hospitals.

The tornado came from the southwest. The sky was overcast and a death-like stillness prevailed for a few seconds, when a blast of wind rent buildings asunder and left a mass of wreckage strewn in its wake. The air was filled with flying debris.

Railroad trains speeding through the country were stalled by the force of the wind and strings of box cars were blown from the rails.

Fire followed in the wake of the storm in a number of villages. At Addison Heights Charles Hansen, his wife and their three children were killed when their home was blown away.

E. W. Elms, superintendent of the Sunday school at Addison Heights, was holding service in the Baptist church. The church was blown away.

"The body of the church was lifted right up and hurled down in a mass of wreckage a few yards away," Mr. Elms said. "The floor remains on the foundation, leaving the congregation seated without a roof over their heads or walls around them. Three were injured, but nobody was killed."

Help is needed.

In the suburb of Evanston more than 20 houses were wrecked. Fifteen persons suffered minor injuries, but no deaths were reported.

Albert Walling of Norwood Park telephoned to Chicago last night that hundreds of people there were homeless and relief must be sent.

"Our people have lost their homes," he said "and we must have help."

"The hurricane came so quickly there was no time to prepare," continued Walling. "People were buried in the wreckage of their homes. I don't know yet how many were killed or injured."

Finally was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Lowell, Mass.—"I was all run down and had an awful pain in my right side, was persistently constipated and had very dizzy spells. I suffered for three years, and was perfect miserable until a friend was telling me to try Lydia E. Pinkham's Vegetable Compound and I found it a wonderful medicine. I can now do twice as much work and I recommend the Vegetable Compound to other women. You can use these facts as a testimonial."—Mrs. M. THEALL BESSEY, 186 Appleton Street, Lowell, Mass.

Why women will continue to suffer so long is more than we can understand, when they can find health in Lydia E. Pinkham's Vegetable Compound. For forty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, irregularities, etc.

How Is Your Weight?

While it is true that too much weight is not to be desired yet the fact remains that many men and women are thin to the point of danger. This danger lies in their having no reserve force or nerve power to combat deadly diseases. A little extra flesh is needed by all to feel well and to look well, and this calls up the question of how best to increase the weight. Physicians and chemists by experiment have solved the problem of increasing the white and red corpuscles of the blood by the administration of 3 grain hypo-nuclene tablets, and this is usually followed by an increase of weight. Obtain in sealed packages, and take for a period of several months, according to directions with package.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

"WHY TALK ALWAYS OF FIGHTS?" ASKS CARPENTIER. "ASK ABOUT MY BRIDE"

Georges Carpentier and his bride, photographed on board ship on arrival in the United States.

His coming fight with Jack Dempsey for the heavyweight title is of secondary importance to Georges Carpentier, European ring king, just now. Carpentier, who recently arrived in the U. S. with his bride, halted a barrage of questions concerning his record and opinion of Dempsey with the query: "Why talk always of fighting? Why don't you ask me about my wonderful bride?" The trip to the U. S. is partly a honeymoon voyage for Carpentier and his bride.

SAYS DWELLER OF CITY IS NOT UP ON FARM

The average city dweller is totally ignorant of the farmers' problems. He needs education along lines which will bring both the farmer and the inhabitant of the city closer together.

Dean Alfred Vivian of the college of agriculture, Ohio State University, and O. E. Bradfute, president of the Ohio Farm Bureau Federation, brought this before members of the Greene County Farm Bureau Federation brought this which was held Saturday afternoon in Mr. Bradfute's said that education the assembly room of the court house, along these lines was one of the objects of the state and national farm bureau federations.

The person living in the county has a fairly good insight into the needs and problems of the city, obtained through his reading of the daily newspapers, declared Mr. Bradfute, while comparatively few city folks have an opportunity of hearing the farm problems which are presented through the medium of the farm papers.

"We must break into daily press and magazines with things that concern our industry," declared Mr. Bradfute. "It's a big job, and one that will take time, but it must be done."

Organization and co-operation among farmers for mutual benefit through such societies as the farm bureaus and the grange, were urged by both speakers.

Mr. Bradfute outlined things that the farm bureau has accomplished, one of the greatest, being, he declared, in co-operation with the grange, the de-

Zemo Soothes and Heals Itching Skins

A CLEAN, ANTISEPTIC LIQUID

For itching, torturing skin troubles, there is nothing like clean, liquid ZEMO; easy to apply, pleasant to use; no salve, grease, smear or stain. You will be surprised how quickly your skin trouble will disappear if you use this safe, antiseptic healing lotion. Any druggist can supply you with a 35c trial size, or a \$1.00 regular size bottle of ZEMO.

When the skin is sensitive or tender, ZEMO SOAP should be used with ZEMO; it is soothing and healing to the skin.

Resolutions against the daylight saving plan were adopted at the meeting. Various persons made impromptu talks regarding the plan. It was declared that city people did not understand what adoption of the different time means to the farmer.

Representative W. B. Bryson was re-elected head of the Greene County Farm Bureau; Frank Wardlow of Sugar Creek; vice president; Elmer Smith of Silver Creek; secretary and George W. Glass of Ross, treasurer.

Worst Storm

(Continued From Page One)

windstorm seven years ago next July, but the damage at that time was not heavy.

Mrs. H. Hansen and Edward Jameson were killed, several hundred injured and 1,000 made homeless at Dunning, a northwest suburb. More than 150 houses, mostly frame structures, were destroyed there.

Mrs. Hansen and her four children were in the parlor of their home when the building was blown over by the wind. The children were uninjured. Jameson was buried in the debris of his cottage.

The Chicago State Hospital at Dunning was not damaged, but several smaller buildings on the hospital's farm were destroyed. The injured were taken to the hospital, which also was converted into a barracks for the homeless.

Many Towns Damaged.

At Plainfield, a small town west of Chicago, two persons were injured, probably fatally, when their home was blown down. Twelve other persons were less seriously hurt and damage estimated at \$25,000 done in the town.

Among near-by towns damaged by the storm, according to reports, were Wauconda, McHenry, Woodstock, Algonquin and Marengo. Dundee was reported to have been passed over by the storm, but damage in the surrounding farming country was heavy.

At least 10 persons were killed in Melrose Park and Belwood, where 300 homes were demolished.

The village of Dunning, where the State Hospital for the Insane is located, reported two dead and 35 injured. Many buildings were wrecked.

Wilmette, a suburb of 5,000 in the northeast part of Cook county, reported almost every building razed or damaged. No loss of life was reported.

Addison Heights, a suburb of Chicago, reported five killed and 50 injured.

Terrible Tortures From Itching Skin Diseases

No Sure Relief Until the Cause Is Removed.

When the blood becomes infected with millions of tiny disease germs that attack the skin, then the fiery irritation and intense itching will remain with you until these germs are removed from the blood.

Genuine relief, therefore, can only be expected from a treatment that goes right to the seat of the

trouble, and strikes at its cause. Such a remedy is S. S. S., the reliable old blood purifier that kills the germs of disease, and sends a new supply of rich red blood coursing through the veins.

S. S. S. has been used successfully in some of the worst cases of eczema and other skin disorders.

Grip, Influenza

Hamlin's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and snuff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "Flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza. Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30c at druggists. Guaranteed.

Nurses Rushed to Scene.

Doctors and nurses from Chicago were being rushed into the stricken areas. It was expected many injured would be rushed to Chicago hospitals.

The tornado came from the southwest. The sky was overcast and a death-like stillness prevailed for a few seconds, when a blast of wind rent buildings asunder and left a mass of wreckage strewn in its wake. The air was filled with flying debris.

Railroad trains speeding through the country were stalled by the force of the wind and strings of box cars were blown from the rails.

Fire followed in the wake of the storm in a number of villages. At Addison Heights Charles Hansen, his wife and their three children were killed when their home was blown away. E. W. Elms, superintendent of the Sunday school at Addison Heights, was holding service in the Baptist church. The church was blown away.

"The body of the church was lifted right up and hurled down in a mass of wreckage a few yards away," Mr. Elms said. "The floor remains on the foundation, leaving the congregation seated without a roof over their heads or walls around them. Three were injured, but nobody was killed."

In the suburb of Evanston more than 20 houses were wrecked. Fifteen persons suffered minor injuries, but no deaths were reported.

Albert Walling of Norwood Park telephoned to Chicago last night that hundreds of people there were homeless and relief must be sent.

"Our people have lost their homes," he said "and we must have help." "The hurricane came so quickly there was no time to prepare," continued Walling. "People were buried in the wreckage of their homes. I don't know yet how many were killed or injured."

Why women will continue to suffer so long is more than we can understand, when they can find health in Lydia E. Pinkham's Vegetable Compound!

For forty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence. Sayre & Hemphill, druggists.

How Is Your Weight?

While it is true that too much weight is not to be desired yet the fact remains that many men and women are thin to the point of danger. This danger lies in their having no reserve force or nerve power to combat deadly diseases. A little extra flesh is needed by all to feel well and to look well, and this calls up the question of how best to increase the weight. Physicians and chemists by experiments have solved the problem of increasing the white and red corpuscles of the blood by the administration of 3 grain hypo-nucleic tablets, and this is usually followed by an increase of weight. Obtain in sealed packages, and take for a period of several months, according to directions with package.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

WE HAVE OUR TROUBLES, BUT NOT NEARLY SO BAD AS ENGLAND'S WITH IRELAND.

We of this blessed land sometimes get quite out of patience with public conditions. We fuss and discuss about our capital and labor troubles. Our breath is sometimes nearly taken away with the strikes and threatened strikes. But bye-and-bye things simmer down and we almost laugh that we should have been so upset.

But the wise philosopher has figured it out that troubles are a good thing. He claims that difficulties string up the energies to loftier effort and that good is gained by repression—that instead of troubles being so many, many misfortunes, that they are the influences by which God means to develop every element of our being. Now isn't that a comfortable way of looking at it—much better than fretting over what mostly we can't help. Every land has its troubles—our's perhaps less than any other.

Just now England is surely knee-deep in the problem of knowing how to get along with her obstreperous daughter, Ireland. The trouble has been brewing so long that one would think they would just spank her and let her go. But we suppose on the whole she is too valuable for that. In fact she (the Mother country) has not gone quite so far with Ireland as she did with us, when we were her colonies, and she tried to lick us into submission. She was quite loth to let us go and even after we got well started she showed her teeth by coming over here and burning our capital.

Alan Bell, Resident Magistrate, who presided over the inquiry into the dealings of the Sinn Fein with Irish banks, was shot dead last Friday in Dublin. Magistrate Bell was on the way from his residence in Monkstown to Dublin Castle when the tramcar in which he was riding was held up by four masked men who pulled the Magistrate from the car and killed him—shot him to death in the presence of scores of people.

Aside from his investigation of the Irish banks under the crimes act, Magistrate Bell investigated the recent attempt on the life of Lord Lieutenant Viscount French and other matters. Early in March authorities summoned bankers as witnesses before Magistrate Bell, ordering them to produce such documents as might relate to dealings with their banks and Sinn Fein organizations and also with the Irish republican parliament.

The inquiry, which was strictly private, opened in Dublin March 3. The bankers refused to reveal their accounts and the investigation was dropped.

Two constables of a patrol at Kilfenora, County of Clare, in Munster province, were fired on the same day that Magistrate Bell was killed.

The Weekly Nation, says police and soldiers raid about 1,000 Irish homes weekly.

Thirty-five prominent Sinn Feiners were arrested Friday. Five men with passports for America were arrested on the point of embarkation for the United States.

Feeling still runs high in Cork over the murder of Lord Mayor MacCurtain.

Despite placards throughout Ireland offering 10,000 pounds sterling reward and Government protection for information, no one has been convicted for any of the recent assassinations, many of which have taken place in daylight in the presence of numerous witnesses.

For half a hundred years England has been trying to patch up things with Ireland by the offer of various "Home Rule" schemes, but all to no purpose. And now South Ireland wants a separate government, whilst north Ireland (Ulster) resists hard, and wants to stick to the Mother Country. Like our North and South, perhaps they may yet have a civil war over it.

WEATHER MAN HAS HIS USES.

Why should the weather man rely on uncertain scientific observations and tests for his prognostications when he has simple and sure means closer at hand? This is the query suggested by the writer of a letter published in an eastern paper.

Practically everyone will admit that the winter we have passed through—we believe the worst is over now—was a trying one. We might have been both mentally and physically prepared for it, however, says the correspondent, if we had but heeded nature's intimations last summer. Hibernating animals dug deeper holes than usual, squirrels stored away larger quantities of nuts. These things meant a hard winter, said the natural-method weather prophets. We scoff at them; but who will scoff today?

Of course there were other prophets who read signs with just the reverse meaning, but it ill befits us to recall them in the face of the other, and accurate prophecies. Far better to heed the warning, and learn to use the daily weather signs which greet us on every side.

Although Kipling's cat had no antipathy to the "wet, wild woods," it is said that the modern house cat refuses to leave home for the night if it is going to rain before morning. Starlings and back-yard sparrows are reputed to prepare for a rain storm by gathering in great crowds for feeding several hours before the storm appears.

Much as we are inclined to admire the wonderful intuition of house cats and sparrows, we still cling to official weather reports. If one is perfectly honest he must admit that the weather man hits the facts just about as regularly as nature's creatures—and he usually has his facts published a day or so before the birds and beasts have commenced giving their signs.

It is reported that a volunteer army of sport lovers, garden fanciers and others who prefer to spend their leisure hours in the daylight, are mobilizing for a swift and decisive victory over the "forces of darkness" who would prevent the city commission from passing the daylight saving ordinance.

We suppose some of the real estate dealers and the landlords will reap a harvest with all those houses blown down in Chicago and thereabouts.

Rippling Rhymes

by Walt Mason

BACK TO NORMAL.

WE WON'T get back to normal ways until we've had some rainy days. So long as roubles grow on trees, and greenbacks wave in every breeze, we'll hit high places and repeat, and scorch the length of Easy street. We can't be prudent while the rest are blowing money galley west. It's epidemic like the flu, this gorgeous spendthrift howdydo. Some day a panic, large and pale, with four white feet and braided tail, will land upon us while we spend, and to our orgy put an end. Then you will see men out of jobs, and you will hear the housewives' sob; and you will mark the loan sharks thrive, while others scarce can keep alive. Then we'll quit blowing useful coin for convaback and tenderloin, and thank our gods if we've the price of whole-some liver off the ice. And we'll cut out the silk attire, the princely tips, the chauffeur's hire, and all the costly pomp and vain, and demonstrate that we are sane. Then every sad and chastened gent will ponder ere he spends a cent, and figure for a weary time before he cuts loose from a dime.

CHATTER

A resident of Chicago had passed into the other world, and was being shown round by a guide. After a little while he turned to the guide and observed, "Wal, I've

heard this heaven boosted some, but it ain't any different from Chicago." "But," responded the guide, "you ain't in heaven."

Charlie and his three sisters had been to visit a relative in the country. Though the invitation had only been for a week, their stay was gradually lengthened to a month. In fact, the uncle was beginning to fear it was going to be a permanent infiction. But eventually they went.

"Well," asked the father, upon the return of his offspring, "was your uncle glad to see you?" "Charlie's face lit up with delight at the question. "Glad!" he echoed. "Uncle glad! Why, dad, he wanted to know why we didn't bring you, mother, the maid, the cat, the canary and the goldfish!"

Edith Wharton, engaging a maid for her apartment, interviewed one whose name might very appropriately have been Miss Doodittle.

"Of course, madam," said this girl, "you won't expect me to sweep?" "Oh, no, indeed."

"Nor answer the doorbell?" "Certainly not."

"No, no," Mrs. Wharton interrupted gracefully. "I expect none of these things from my parlor maid. I only want her to look at, and for that you are too plain."

"I want a pound of butter," said the customer at the grocery. "The best?"

"What was the last I had?" "The best."

"Give me a pound of the other."

TWENTY YEARS AGO

The candidates for delegates and alternates to the Congressional convention at Wilmington, are as follows: Towne Carlisle, F. W. Johnson, John McVey, I. K. Warner and George H. Smith. All are strong supporters of Judge Smith.

Mr. Frank R. Mower, who has been absent from the country for the past three years, serving the government in the consular service, arrived in Xenia on a 60 day leave of absence yesterday. He has been at Canton, China, recently.

Mr. Jacob Baldwin is congratulating himself over the recovery of a gold headed cane, presented him by employees of the Field Cordage Co., which was stolen from him on a train. A railroad detective recovered the cane.

Messrs Matt Kump and Walter Currie are business visitors in Cincinnati today.

Mr. and Mrs. E. H. Hart, of Orient Hill, are rejoicing over the arrival at

their home of a fine son.

Rev. Albert Read, of Delaware, O., will preach in the First Baptist church of the city next Sunday, both morning and evening.

Mr. Ankeney's bill providing for the admission of children of soldiers of the Spanish-American war to the O. S. and S. O. Home, was acted upon favorably by the Senate yesterday and is now a law.

Is It Yours

This Is The Birthday of John Tyler March 29, 1790

There is a curious analogy between the way in which John Tyler became President and in the way in which Theodore Roosevelt first became President, although Tyler was never the great political figure that Roosevelt was.

Tyler was elected Vice President on the same ticket with William Henry Harrison. One month after the inauguration, Harrison died and Tyler automatically became President. As will be remembered, Roosevelt succeeded McKinley at the latter's death a very short time after his inauguration.

John Tyler was born in Virginia in 1790. He claimed relationship to the famous English rebel, Wat Tyler, but the claim never could be proved. Tyler began his public career when he was 21, when he was elected a member of the Virginia house of delegates.

He followed the usual political career until his election as Vice President, when he was 51. He became unpopular with his party during his presidency, but because he had annexed Texas, he was spoken of for renomination. He was so unpopular, however, that he had to withdraw from the contest.

Although in sympathy with the South, he voted against secession and tried to make peace between the northern and southern states. He died during the early part of the Civil War.

WILLIAM DAY DIES SATURDAY AT MIDNIGHT

William Day, aged 66 years, formerly of Selma, died of heart trouble at midnight Saturday at his home near Ship's Station.

He is survived by his widow, Mrs. Mary Day, a daughter, Miss Ellen, and four sons, Ray, William, Lewis and George, all at home, and a brother, Thomas Day, of Springfield. The funeral services will be held Tuesday morning at 9 o'clock at St. Bridget's church, of his city, of which he was a member.

Mr. and Mrs. Walter Bentley (Katherine Whalen) announce the birth, Saturday night, of a daughter.

Clyde LaFollette, of this city, enlisted in the 14th Field Artillery of the United States Army at Dayton, Friday. He is now at Fort Thomas, Ky., but will later be stationed at Fort Sill, Okla. He enlisted for a period of one year.

Why Measles May Be Dangerous

This is No. 3 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often lead these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

Few of us escape measles—it is one of the commonest of childhood diseases. Every mother knows the symptoms, but the mistake that most mothers make is in failing to realize that the child is not fully recovered after the eruption and fever disappear. The air passages are still inflamed and if this inflammation is not cleared up, the air passages may be weakened, thus paving the way for pneumonia or serious disease of the lungs.

Nightly applications of Vick's Vapo-Rub will aid nature in relieving this inflammation. Because Vicks acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long,

bringing the medication to bear directly upon the inflamed areas. Children's digestions are delicate—easily disturbed by too much "dosing." Vicks, therefore, is particularly recommended since it is externally applied and so can be used often and freely without the slightest harmful effects.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 233 Broad Street, Greensboro, N. C.

The tendency of front wheels to spread under driving force makes the manufacturers put them from one fourth to one eighth of an inch closer in front than in the back. That is, the distance between the front, if measured ahead of the front axle, is that much less than if measured back of the axle. To make these measurements accurately the wheels should be jacked up and a given point taken for the alignment. Use the valve stem for a marker.

Turn each wheel so that the valve stem is at a point ninety degrees from the point of contact of the tire with the ground. Starting in front of the axle turn both wheels so the valve stems are at the same position back of the axle. Then, if in perfect alignment, the back of a thirty four inch wheel should be three eighths of an inch wider than the front. The steering knuckles are so constructed that the difference between the tops of the front wheels are from one and three quarters to two inches greater than the distance between the points of contact with the ground.

EVERYDAY ETIQUETTE

"Is it correct for a young married lady to have her address on her cards? If so, just how should the card be arranged?" asked Eliriam. "On a young married lady's card her name appears thus: Mrs. John Allen White, Blank street," replied her elder friend.

"When attending a theater, other than an opera, is a black waistcoat, black tie and Tuxedo coat permissible?" asked William. "A Tuxedo is only worn at a gathering where there are no women. At the theater almost any inconspicuous costume is considered all right for a man to wear, if full evening dress is not worn," replied his father.

NEW RECIPES FOR LENTEN DISHES.

Covered Oyster Pie.
1 quart of oysters
2 cups of flour
1 cup of top milk
1/2 cup of shortening
2 tablespoons of cornstarch
1/2 teaspoon of salt
2 tablespoons of baking powder

Sift together flour, baking powder and salt, and cut in shortening. Gradually add cold milk. Toss dough on floured board, cut in two parts and roll out. Place in two shallow, greased pans and bake for fifteen minutes in

quick oven. Dissolve the cornstarch in a little milk, gradually add rest of milk and cook with oysters and seasonings. Pour half of oyster mixture on one pie crust, cover with other, pour the rest over top crusts. Serve.

One-Crust Oyster Pie.
Fill the baked pie crust with the creamed oysters as above. Cover with a meringue made of stiffly beaten whites of two eggs, one teaspoon of sugar, one-eighth teaspoon of salt, and two chopped small, sour pickles. Bake in a moderate oven until meringue is browned.

Macaroni and Onions.
Put alternate layers of boiled onions and boiled macaroni in a buttered baking dish or casserole. Season well with salt, pepper and dots of butter. Sprinkle the top with bread crumbs. Moisten with one cup of left-over broth or meat gravy, and brown for twenty minutes in a quick oven.

Canned Pear Salad.
1 pint can of pears
1 cupful of finely cut celery
1/2 cupful of chopped green pepper
6 stuffed olives
2 cupfuls of coarsely shredded lettuce
1/2 cup of salad dressing

If the pears are canned in halves, cut them into thin slices and put them in the center of a dish or on individual plates and pile the lettuce around them. If the pears are very soft, dice instead of slice them. Mix the celery, pepper and olives with the salad dressing and put it around the sliced pears. Serve with Southern corn wafers and cream cheese balls.

Eggless Mayonnaise Dressing.
Beat one tablespoon of evaporated milk, one-half teaspoon of paprika, one-quarter teaspoon of mustard. Then add: Seven tablespoons of salad oil, one teaspoon sugar, one-half teaspoon salt and one teaspoon of vinegar.

AUTO OWNERS PUZZLED OVER LICENSE TAGS

With only two more days in which to secure 1920 automobile tags, which must be secured before April 1, very few Xenia and Greene County motorists have yet obtained the plates.

Motorists have been visiting the Xenia Shoe and Rubber Store, where the licenses will be distributed, daily to see if they have yet arrived, but Monday morning only a few of the plates and none of the blanks to be filled out had yet arrived. The licenses were shipped a week ago Saturday. The car arrived Saturday but was not set so that the plates could be secured. Monday morning 100 plates were furnished the distributors, but with no blanks they could not be distributed.

At the same time, the Secretary of State's office is making plans for a rigid enforcement of the April 1 deadline. Secretary of State Harvey C. Smith has wired distributors as follows: "Owners of motor cars must make application with the full year's fee before April 1. After April 1 an affidavit that the cars have not been operated on the highways in 1920 will be required before the licenses will be issued at the three-fourths fee." The three-fourths fee applies after April 1 only to cars which have not been operated during January, February or March. The full fee ranges from \$12 to \$20 and must be paid by pleasure cars, trucks, trailers, motorcycles in operation the current year, up to April 1. The automobile owners were first delayed in getting their licenses, by the fact that the new classified automobile law was in litigation. When the law was found constitutional by the Supreme Court it permitted car owners but a fraction of the usual time in which to secure their licenses. Now with the delay in shipment and the further delay in receipt of the tags and blanks from the Secretary of State's office, it seems impossible that car owners can secure the licenses before April 1.

Local automobile owners, although anxious and willing to secure their licenses as soon as possible and comply with the law have found it impossible to do so, and it is a question of whether they can be punished for the delinquency.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcline in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

TORNADO KILLS FOUR IN SOUTHERN CITY

Montgomery, Ala., March 29.—Four or five persons were killed and the northwestern part of the town of West Point, Ga. destroyed by a tornado late yesterday according to Meager information received here. All telephone and telegraph lines into the town are down.

The Presbyterian church, railway roundhouse and many other buildings at West Point were partially wrecked. The pentoon bridge thrown across the Chattahoochee River after the December floods was destroyed. The residential section was not greatly damaged, the storm having swept through the business center.

DRIVE TO FILL OHIO NATIONAL GUARD TO START APRIL 1ST

Columbus, O., March 29.—To make Ohio's National Guard division the first in the country to be brought to full strength, an intensive recruiting campaign will be conducted April 1 to 30 all over the state.

Sixty guard officers conferred with Adjutant General Layton on plans for the drive. Recruits will be sought among ex-service men and young men not old enough to enlist during the war. The appeal to prospective recruits will be based on accomplishments of the 32nd division overseas.

Plans for the Ohio campaign, submitted to the war department for approval, elicited commendation and a request that it be made available for other states.

Why you should buy this IDEAL-Arcola Hot Water Heating

The IDEAL-Arcola Radiator-Boiler has taken its place among the most worthy inventions of the age which have contributed to the comfort and welfare of mankind. The introduction of the IDEAL-Arcola Radiator-Boiler has been attended with wonderful success.

An economy almost unbelievable

Dwellers in every climate have given it the most thorough and practical test throughout the past severe winter. They found its operation to be wonderfully simple, its economy almost unbelievable and ideal in its results. We will hold the price down to the lowest level just as long as economic conditions will permit.

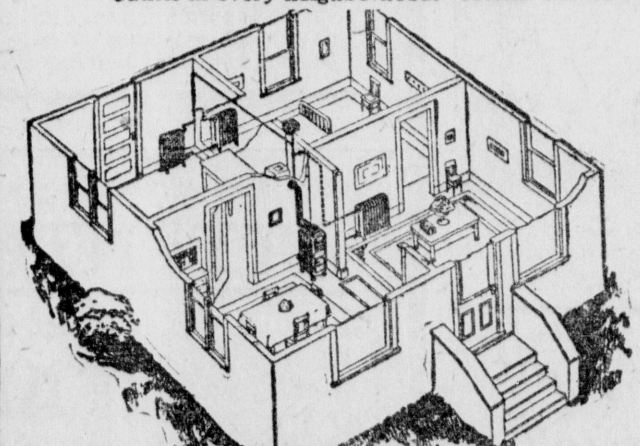

Why it is the biggest bargain in heating!

Here is a necessity of life offered to you at bargain price. The IDEAL-Arcola outfit will never wear out. No other device will heat your home with as much economy in the use of fuel. Nothing else is as safe or as easy to run. It is the solution of the small-house-heating-problem.

You can take a year to pay

Why pay the costs of doing without? Every day or week that you contrive to get along with old faulty, wasteful heating methods you are actually paying the cost of doing without. Figure it this way, the IDEAL-Arcola Radiator-Boiler outfit becomes a permanent and valuable addition to your home. It is property that will never decrease in value. Every IDEAL heating plant in the world today is worth more than its owner paid for it. No matter how long it has been in service. Think that over!

The price is a real bargain and to help you further you can if desired take a year to pay. Could anything be more liberal? We want a dozen outfits in every neighborhood. Hence our offer

BEAUTY CHATS

EDNA KENT FORBES

EXQUISITE CLEANLINESS.
Ethel M.—Feet which perspire too

There is a certain amount of cleanliness that is necessary, and a certain further amount that is desirable for good health—and there is, besides that, exquisite cleanliness which is an important attribute of beauty. Not every woman can possess this daintiness which comes from a sort of super-cleanliness.

For instance, if you want to keep your hair in the best possible condition, you will wash your brush and comb at least once every week. A great deal of dust is taken out of the hair by the brush and a surprising amount of the oil that collects on the surface of each hair is transferred to the comb. The best type of brush and comb to own is white celluloid and white bristles, because the least amount of dirt shows up on them, and you can always tell whether you have your brush and comb thoroughly clean. A clean brush will go along way towards keeping the hair clean. The powder puff is something which should receive a more than weekly cleaning. As a matter of fact, the exquisitely dainty woman will never use a powder puff more than once. She will use small pieces of clean absorbent cotton, which can be thrown away after being used. There are very good looking glass jars which are especially made to hold this absorbent cotton.

Some women take small bits of the cotton and tie them at one end of a little colored bow of ribbon to make a miniature puff. If you take the time, and is hardly necessary. If you use the ordinary powder puff, use only those made of lamb's wool and wash them every few days.

Heart and Home Problems

Dear Mrs. Thompson: I wonder if you can tell me why a certain young man always looks me straight in the eye when talking to me? I often catch him just sitting and watching me when I am where he is. Long ago I went with him. He was a gentleman and always treated me with respect. Yet some say this act has meaning. So I hope you can tell me something about it. FAITHFUL

It may be a mannerism which the young man has to look people in the eye when talking. It is considered better to do so than to shift the glance. Perhaps he still cares for you and therefore enjoys looking at you. It is quite impossible for me to tell you what his motives are.

Dear Mrs. Thompson: I am eighteen years old and am in love with a young man from this town. He has ways that make me think he cares for me. I don't know whether I should give him the idea that I care for him or not. I have been with him several times and he always seems so nice. Should I give him a date when he asks for it? How can I win his love?

It would be a bad policy to let the young man know that you care for him. If you are cordial and hospitable it is enough without giving him definite reason to think that you love him. Give him a "date" when it is convenient for you to do so. It would be unwise, however, to see him more often than twice a week. Do not try to win his love. Be yourself and let things shape their natural course.

Dear Mrs. Thompson: I am a girl of twenty-eight. I had a friend and after we moved away we corresponded for two years. Then I did not hear from him again. I thought I answered his last letter, but am not sure. I heard from a friend not long ago that he had written to me twice. If so, I did not get his letters. What would you do? Whose place is it to write again? I would like to know as I think of him a great deal. ANXIOUS TO KNOW.

It seems to me that it is the man's place to write again. It would be all right, however, to send him a New Year's greeting.

Dear Mrs. Thompson: Will you please suggest something that will remove superfluous hair from the upper lip and also from between the eyes? I want something that will not increase the growth later on. MANY THANKS.

The only way to remove hair from the face without increasing the growth is by means of the electric needle. In this way the root of the hair is destroyed and there is no further growth in that place. Any other means of removing hair is unsafe because it increases and coarsens the growth.

Dear Mrs. Thompson: I am a girl fourteen years of age and have fallen in love with a fellow about twenty-one. Is it all right for me to go to another state with him and get married with my parents' consent? CLARA P.

It is not necessary to go to another state to marry if you have your parents' consent; you can marry right here. You are very much too young to take such a step, I am sure. Do not run away. If you do your name will appear in the papers and there will be a great deal of talk and trouble as a result.

Dear Mrs. Thompson: What would be suitable to give a young man for Christmas? I wanted to give him something for his office or desk. COUNTRY.

Give him a brass ink-well or desk calendar.

TELLS HOW AMERICA LOST BIG CANNON

Paris, March 29.—The story of how the United States lost an opportunity to secure the exclusive use of a new long range gun, capable of hurling a shell nearly 150 miles, is told today. The French inventor, M. DeLa Marmaze, offered it to the American government a year ago, but receiving no reply, sold it to both England and France. The gun is described as so powerful it could bombard New York from Albany.

Just Hats

By Vyvyan

A cream straw hat with edging of cream straw lace. The brim is turned up a bit in front, and held down by forget-me-nots. The sash around the crown is of blue taffeta, and ties in a knot at the back.

MEXICANS DENY FORMING NEW GOVERNMENT

Mexico City, March 29.—A report from San Antonio, Texas, that the Mexican rebel factions have formed a coalition against the government was denied by the ministry of war today. It was declared that the insurrecto leaders are at odds among themselves.

According to government officials, Manuel Palafox, the "intellectual head" of the Zapatista rebels who recently surrounded the government forces submitted that he had been traveling through the country attempting to bring the rebel forces to a common understanding, but was convinced that it could not be done because the leaders preferred to act independently.

EAT ALL RIGHT, SLEEP ALL RIGHT

But Still Don't Feel Strong and Well. Probably the Blood Needs Strengthening

PEPTO-MANGAN WILL DO IT

Sold in Liquid and Tablet Form Both Possess Same Medicinal Value—Insist on "Gude's"

It's not just laziness that robs some people of their energy and spirits. Sometimes their blood is simply too weak to supply the necessary fuel and oxygen to the body.

Nothing will restore strength to a thin-blooded body unless the blood itself is made strong, red and rich.

Gude's Pepto-Mangan furnishes this, watery blood with the necessary enrichment to enrich it, enabling it to supply energy, vitality and strength to every part of the body.

Physicians recommend Gude's Pepto-Mangan to patients suffering from anemia because its beneficial and lasting qualities are well known to the medical profession.

Gude's Pepto-Mangan is obtainable in either liquid or tablet form. Both forms contain exactly the same strength and medicinal properties.

When you buy Pepto-Mangan of your druggist, be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan.—Advertisement.

Dear Mrs. Thompson: I am a girl of twenty-eight. I had a friend and after we moved away we corresponded for two years. Then I did not hear from him again. I thought I answered his last letter, but am not sure. I heard from a friend not long ago that he had written to me twice. If so, I did not get his letters. What would you do? Whose place is it to write again? I would like to know as I think of him a great deal. ANXIOUS TO KNOW.

Dear Mrs. Thompson: Will you please suggest something that will remove superfluous hair from the upper lip and also from between the eyes? I want something that will not increase the growth later on. MANY THANKS.

Dear Mrs. Thompson: I am a girl fourteen years of age and have fallen in love with a fellow about twenty-one. Is it all right for me to go to another state with him and get married with my parents' consent? CLARA P.

Dear Mrs. Thompson: What would be suitable to give a young man for Christmas? I wanted to give him something for his office or desk. COUNTRY.

Give him a brass ink-well or desk calendar.

Resinol

brings prompt relief from skin troubles

Why continue to suffer from eczema or similar itching, burning skin troubles, when RESINOL OINTMENT is so easily obtained and can soothe the irritation so quickly? It usually stops itching at once and cools the inflamed, burning surface.

No matter how severe the trouble has become through long standing, nor how sensitive the skin, Resinol can be used without fear, for its ingredients are pure and smooth and cannot cause further irritation while healing. At all druggists.

Farmers' organizations have sup-

terways as affording a ready outlet
and cheap transportation for agricul-
tural products. They will be more
emphatic in their attitude now that
railroad freight rates are certain to

in the next three years. The wage
demands of railroad employees will
give the waterway movement a pow-
erful stimulus. Labor figures less
prominently in water than in rail-
way transportation, and other costs
are lower as the companies have no
right-of-way to buy, no track to lay,
and no roadbed to keep up.

The Truth-in-Fabric campaign has
born good fruit. Not only has it
made enactment of a Truth-in-Fabric
bill a focal point in Congress, but
its influence extends to other fields.
Representative Rogers of Massachu-
setts, has introduced a bill to give
all merchandise the same protection
which food and drugs enjoy under

General Wood has met at least
one issue vital to the farmer square-
ly by advocating the wider distribu-
tion of land as a means of reducing
farm tenancy. He directs an attack
at large holdings devoted to specu-
lative ends. Other presidential can-

must increasingly, announce their
stance upon the many current issues
which together will determine the

The Truth-in-Fabric campaign has
made enactment of a Truth-in-Fabric
bill a focal point in Congress, but
its influence extends to other fields.
Representative Rogers of Massachu-
setts, has introduced a bill to give
all merchandise the same protection
existing for food and drugs under

Gen. H. Wood has met at least
one issue vital to the farmer squa-
rely by advocating the wider distribu-

farm tenancy. He directs an attack
at large holdings devoted to specu-
lative ends. Other presidential can-

stand upon the many current issues
which together will determine the
future of agriculture.

Daylight saving laws are going in-
to effect at various points and will
inevitably create some confusion as
regards railroad schedules, hours of
trade, and so on. Toledo will have
daylight saving. So will other east-
ern centers, conspicuously New
York city. The conditions which
lead to this want-of-coordination in
time are unfortunate. Both farm-
ers and townsmen must accommo-
date themselves to the gap which separa-
tes their respective group activi-
ties.

The Chicago Grain exchange has
been accused of boosting corn prices
for speculative purposes. In real-
ity, the major factor in the past few
weeks' sensational advance has been
the farmers' combined unwillingness
and inability to market their stocks.
The farmer is apparently feeding more
and selling less, to judge from re-
serves on the farm. For once the
speculator deserves a clean bill of
parade. The producer and customer
should rightly dominate the grain
market, not the professional trader,
and it is reason for satisfaction that
recent gains accrue to the farmer
rather than the middleman.

The condition of the winter wheat
crop is disputed. Undoubtedly it
has suffered very material damage.
More evidence is needed.

STOCKS

Is a bull movement coincident
with spring a settled fact, or will be
recent speculative enthusiasm wane?
Market critics take divergent views
but a majority are optimistic. The
nature and extent of public partici-
pation will be the determining fac-
tor. In all probability the trend of
stocks will be somewhat erratic, if
steadily upwards, and temporary set-
backs will occur. Panic talk has
vanished. The Canadian market is
again bullishly active, reflecting the
turn here.

Money still lays a measure of its
former restraint upon the movement
and it is a moot question how genu-
ine and permanent the increase in
supplies available for speculation
will prove to be. "Frozen" credits
are assuredly melting, but money will tight-
ening demands make themselves
felt. Gold imports are less discussed
than heretofore. The banks have not
abandoned their policy of con-
traction by any means, and doubt-
less seek to accumulate a surplus of
funds against industrial needs.

GRAIN

Prospects of improved shipping
conditions together with light re-
ceipts of corn have boosted grain to
new high levels. Even Egypt has
entered the market for corn flour.
Many farmers would undoubtedly
sell their holdings, but cars are not
available. Hog prices have soared.
Labor troubles and the bubonic
plague in Argentina aided the bulls.
The belief now is that receipts can-
not improve for several weeks, with
spring work on the farms soon un-
derway.

Oats trade broadened, but ship-
ping demand was not encouraged
and no better movement is expected.
Barley moved in a dull market. Of-
ferings were large and only the best
stuff was sought. Rye lost some of
its "pop." Foreign demand has been
uncertain and trade restricted as a
consequence.

The grain trade as a whole does
not regard seriously Attorney-Gen-
eral Palmer's action in ordering a fed-
eral inquiry as to the justice of com-
plaints that the Chicago Board of
Trade has manipulated corn prices.

LIVESTOCK

Small receipts and a good class of
buying in the hog market lifted
prices to the highest point since Oc-
tober. The upturn of grain value
helped. Shipping orders were quite

heavy. While the small packers
have generally bought freely, the big
packers have been slow to follow the
advance, as heretofore, but on some
occasions have been forced to bid.
Light weight stuff continues in favor.
Cattle receipts have been uncer-
tain—on some occasions excessive,
while on others small. Trade in
general improved, although the de-
mand for heavy stuff has been rather
slow. Shipping orders were small.
The shipping demand for sheep
and lambs was likewise inconsid-
erable. Trade was light. Much of the
stuff continues moving direct to
packers. Receipts have been small-
er, carrying more lambs than sheep.

WOOL

Mild weather facilitating freight
shipments, indeed a slightly better
tone in the wool market and dealers
were less inclined to force sales. The
sale of medium to low cross-bred
wools improved appreciably, suggest-
ing that the scarcity of fine wools
may at last turn attention to the
poorer grades and result in low
priced fabrics. The government has
announced that it will hold only one
day's sale in April, on the 8th, due
to the growers' fear that govern-
ment sales will interfere with mar-
keting the new clip. Eastern deal-
ers have purchased comparatively
little wool in the West, and the
growers still hold for top notch
prices. Prices have probably reached
their peak and coarser wools will
be abundant after the new clip
starts.

THIS GENERATION AS FOOLISH AS ANY SAYS PROFESSOR

Columbus, O., March 29.—This
generation is not the most foolish
that ever lived, but "as foolish as any
generation," in the opinion of
Professor J. A. Leighton.

He has written the following cor-
rection:

"In the otherwise excellent report
of my address at Trinity last Sunday
on 'Immortality,' there is errone-
ously attributed to me the state-
ment that this generation is the most
foolish that ever lived. What I did
say was, in substance, as follows: This
generation and the previous one mis-
takenly believed in a sort of auto-
matic law of progress, by which
mankind was becoming more nearly
perfect, and were puffed up with con-
ceit of the superiority of their in-
telligence and virtue, whereas there
is no evidence that there has been
any improvement in the native intel-
ligence or moral qualities of human
beings since the dawn of history.
This conceit and overweening pride
was due to the rapid increase in
material wealth; technical power
brought about physical discoveries
and inventions; but in all that con-
cerns man's true welfare and happi-
ness, in all that concerns self-control,
wisdom and justice, and the appli-
cation of intelligence to make life
more beautiful and noble, this gen-
eration has, perhaps, been as foolish
as any generation of man; witness
in evidence, the great war and its
aftermath."

RENTS ARE ARGUMENTS SAY SINGLE TAXERS

Columbus, O., March 29.—George
Cartwright, Cleveland, formerly of
Columbus, has made public the fol-
lowing letter he Saturday wrote to
Governor Cox:

As a candidate for higher honors,
which many people believe you have
earned, you cannot afford to permit
the papers to make you appear ridicu-
lous by quoting you as an advocate
of terrible penalties for rack-renting
landlords. Josh Wise says boiling oil
would be profitable only to Rock-
efeller if such penalty were adopted.

Suppose the general assembly pas-
ses drastic penalty laws and ad-
journs in a halo of glory. Shortly
after a tenant inquires about a house
he has for rent. I ask: "Where have
you been living?" "Did you pay
your rent?" "Why are you moving?"
He tells me he has just had his
former landlord boiled in oil for
rent profiteering. I tell him, "Go
jump in the lake!" All other land-
lords tell him the same. Result:
The rent profiteering penalty law is
a good vote getter, but a poor house
finder for tenants.

Tenants are to have opportunity
to amend Ohio's constitution so as
to take the annual tax fine off dwell-
ings and take instead some of the
ground rent, which is public prop-
erty, for public use in taxes. The
Ohio Site Value Tax League will
shortly be out with petitions to put
this amendment on the ballot. In
the meantime the higher the rents
the better it will be for the proposed
amendment.

FIVE AUTOS DISPOSED OF IN LIVELY SALE

Five automobiles were sold in the
sale of the personal effects of the late
John A. Fifer, at the Fifer livery barn
on East Second street, Saturday after-
noon.

The machines were five Ford cars
operated in the livery business by the
late Mr. Fifer after he sold out his cabs
and teams over a year. The machines
sold from \$80 to \$650. Some office
furniture and some household goods
were also sold in the sale.

Mr. Fifer discontinued the use of
horses and horse drawn vehicles in his
livery business a year ago last fall, at
that time selling all his horses and
equipment. Since then he had been
operating a livery business with Fords.

R. R. Grieve was auctioneer at the
sale.

LABOR IS PREPARING FOR COMING POLITICAL CAMPAIGN FIGHT

Washington, March 29.—Steps to
mobilize 150,000 workers into 50-
000 committees to prosecute labor's
nonpartisan political campaign have
been taken by the campaign execu-
tive committee composed of Samuel
Gompers, Frank Morrison and James
O'Connell. Requests have been sent
to 40,000 local unions, asking imme-
diate appointment of a committee of
three by each to act in conjunction
with 10,000 other committees named
by city central bodies and other or-
ganizations, "all working in harmo-
ny under a carefully worked out
scheme of co-operation," according
to an announcement by American
Federation of Labor headquarters.

"In 1906 the American Federation
of Labor nonpartisan political cam-
paign was carried on with striking
success by 1,450,000 members," the
executive committee's letters to the
local unions said. "In February,
1920, there were 4,173,770. By uni-
ty and solidarity we have made this
wonderful progress. With an in-
creased membership and the same
unity and solidarity what can stand
in our way to greater triumph?"

ENTIRE STOCK OF HARNESS IS SOLD

The entire stock and equipment of
the harness and leather goods store of
the late John Jay Knox, were sold
from the location on West Main street
Saturday afternoon.

There was a ready demand for the
goods much of it being purchased by
farmers. The entire stock of the store
was sold out. Grieve and Webb were
the auctioneers.

ARMENIANS SLAIN NUMBER OVER 8,000 IN SHORT TIME

Constantinople, March 29.—Estimates of casualties in the massacres at Marash last month, sent here by Americans place the loss of life at about 8,000 Armenians. During the disorders 15 Turks were killed.

There are 10,000 Armenian refugees in Marash, of whom 2,000 are sheltered in American orphanages and hospitals. Americans are also caring for wounded Turks, but there is great suffering at Marash, because of a lack of supplies, doctors and nurses. A wagon train of American supplies was pillaged early in March between Aintab and Marash.

Forty per cent of the buildings at Marash were destroyed or rendered uninhabitable during the massacres. Nearly all the shops were destroyed and more than half of the churches and mosques were laid in ruins.

The hills are so full of armed bands at present that traveling is almost impossible, but two more American doctors are now on their way to Marash from Adana, under guard of Turkish gendarmes.

The situation is comparatively quiet at Marash, but great uneasiness is reported from there lest the French troops attempt to re-enter the town. The advisers declare this would, it is believed, endanger the lives of all Armenians.

No word has been received in Constantinople as to what the effect has been on the cities of Antolia of the military occupation here by the entente.

EAST END NEWS

Mrs. Viola Booker of Mt. Vernon, O., visited Mr. and Mrs. Geo. J. Gaines, East Market street, yesterday. Mrs. Booker is a great missionary worker in the Methodist church of that place, and also an efficient trained nurse.

Mrs. Charles Locket of Springfield was in the city yesterday, the guest of Calvin Hatcher and family.

The reorganization of the Baptist missionary work known as Xenia district, brought a number of delegates to this city yesterday from our rounding towns, Springfield, Yellow Springs, Cedarville, Washington C. H. and Chillicothe were well represented at the session which convened with the 3rd Baptist church. The following named persons were elected to office: For president, Mrs. Mary E. Harris, Xenia; first vice president, Mrs. Mary Hill, Chillicothe; second vice president, Mrs. Mamie Beeler, Springfield; recording secretary, Mrs. Cora Curl, Yellow Springs; corresponding secretary, Mrs. Jennie Hamilton, Cedarville; treasurer, Mrs. Fredrick Locket, Springfield; superintendent of children's work, Mrs. Mattie Spencer, Xenia.

Rev. Chas. Isam of Columbus, financial secretary for the state of Ohio, was also in attendance and delivered two instructive sermons, morning and evening. Mrs. Georgia Miller of Cincinnati, O., president of woman's work of the state, was also present and delivered an address in the afternoon to the district workers.

Mrs. Laura Wheatley of East Second street, is very low with no hope entertained for her recovery.

Clarence Smith delivered his initial sermon to a packed house at Zion Baptist church Sunday night. His delivery was good and for a young man just past 17 years, has prospects for a bright future.

Dr. and Mrs. H. R. Hawkins motored to Middletown, O., and spent the day with Dr. and Mrs. Darnell. They report the doctor doing a thriving business in his new field.

Mr. Charles Jenkins has accepted a position at Washington hospital. Mrs. Estella Borden will hereafter be collector for Dr. H. R. Hawkins, on account of his business being so pressing.

Mrs. Anderson Penn of Fair street was happily surprised Thursday by Mrs. Wm. Davis of Dayton, who brought her a bucket of lard, and a basket laden with groceries.

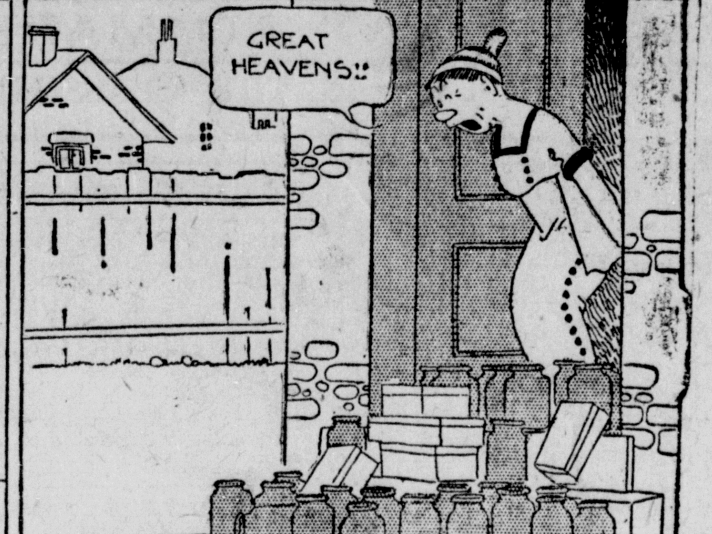

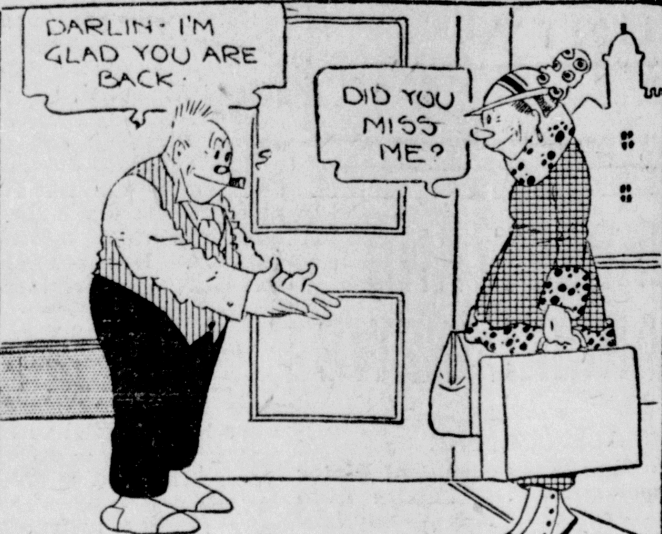

GREENE COUNTY WOMAN CALLED BY DEATH SAT.

Mrs. Gussie Ashbaugh, wife of Ben Ashbaugh, died Saturday afternoon at her home in the Ludlow neighborhood.

Mrs. Ashbaugh was formerly Miss Gussie Greene. She leaves her husband and five children, Grace 18, Rebecca 16, Ruth 14, Robert 10 and Margaret 7. She is also survived by one sister, Mrs. Emma Miller of Byron, and five brothers, J. F. Greene, J. W., S. H. Basil, George E. and Lewis.

Mrs. Ashbaugh was a member of the Reformed church at Byron, where funeral services will be held Tuesday afternoon at two o'clock.

Casserole of Rice and Meat—Wash one cup of rice in two or three waters until it runs clear, drain, throw into a kettle of boiling water twenty minutes, drain and set back on the stove or in the oven to swell and dry. Take one-third of cooked rice and set aside, with the remainder line the sides and bottom of a well buttered casserole. To one pint of cold minced meat add one or two well beaten eggs, two tablespoons of bread crumbs, one chopped onion, two tablespoons of butter substitute, salt to taste.

Pack into center of the casserole cover with reserved rice. Cook covered one hour. Serve with tomato sauce.

Spanish Meat Loaf—Mix one pound ground pork and two pounds ground beef together with two eggs, one cup tomatoes, salt and pepper to taste.

Put into loaf pan and empty balance of one quart of tomatoes on top of loaf with bits of butter and pepper. Bake two hours in moderate oven.

Meat Loaf—One and one-half pounds round steak, one-quarter pound pork ground together, one-half cup cracker or bread crumbs, one egg, one-half cup milk, pepper and salt. Mix thoroughly, press in a tin, place two or three strips of bacon on top, a little water. Bake thirty to forty minutes. You can make this meat loaf by using some leftovers in place of cracker or bread crumbs.

Use one-half cup cold boiled rice or cold boiled potatoes or use the crumbs, but add a tomato or green pepper cut fine that you may have in the ice box.

Put in cold oatmeal which may have been left from breakfast.

DISCOVERIES.

Yolks of Eggs—When making candies, frostings, cake or anything requiring only the whites of eggs, the housekeeper is sometimes puzzled as to the best way of utilizing the yolks. They may be kept fresh a surprising length of time if mixed with cold water and kept in a cool place.

They will not harden and may be used at any time in making salads, cake, cookies or anything one wishes to use them for.

To Keep Cereals Fresh—Don't rip off the waxed paper covering cereal packages. Instead, with a sharp knife cut the waxed paper all around two inches from the top and slip off carefully. Open the package in the usual way, take out what you require, close the box, and put the waxed paper back over the cut on top of opened box end.

Oiling the Stove—Rub oil upon iron cooking utensils and iron top of the stove. Leave on a few moments and then cover with alum. After cleaning this off they will look like new.

a local audience at the Chamber of Commerce soon.

In answer to an invitation extended Senator Borah by the Chamber of Commerce, he said that his business in committees was very pressing at D.N. this time, but that he would try to arrange to be the guest of the local body at an evening banquet shortly.

Senator Borah is from Idaho, and is identified with the Senate as Chairman of the Inter-oceanic Canals Committee. He was first elected to congress in 1907 and returned to the Senate in 1913. In November 1918 he was again re-elected for a term of seven years and he enjoys considerable prominence now as one of America's greatest political figures and a possible candidate for President.

An invitation to speak here has also been extended to Herbert Hoover, former Food Administrator, and candidate for President, who was recently entertained by the Boston Chamber of Commerce.

THIEVES RANSACK SPRINGFIELD HOME

Smashing a window at the home of Harry Cadow, 1401 Maiden Lane, Springfield, thieves forced an entrance and made away with jewelry and money to the amount of \$150 Sunday night.

The thieves thoroughly ransacked the house, and even went so far as to sort the jewelry and take only the best. They also ransacked the cash drawer of the Cadow grocery, adjoining, securing fifty cents.

WANTS LARGE ARMY OF FATHERS TO INCREASE FRANCE'S BIRTH RATE

Paris, Mar. 2.—The creation of "a volunteer army of fathers to repopulate France" is advocated by Professor Paul Carnot, a member of the faculty of the medical department of the university of Paris in a sensational article printed in The Paris Medical.

The article has caused a furore and the demand is being made for the expulsion of Professor Carnot from the teaching staff of the university of Paris. Professor Carnot is defending his proposal with vigor. He declared today that the whole French race is threatened with total extinction unless measures are taken to repair the heavy war losses.

"Why not confide to a certain number of healthy volunteers the mission of bringing into the world numbers of French babies who will be carefully and tenderly cared at the expense of the state. This is only a simple application to human society of the laws of nature," said Professor Carnot.

A MODERN STORY OF HOME AND BUSINESS

A NEW IDEA CHAPTER 89

After Robert left I thought of his last remark, and the change in his voice. His "Golly I believe it could be done!" had been animated, full of conviction. Then his "Perhaps I might do something along that line" had been hesitant, no conviction in his tone. It was almost as if he had said, "I won't even try."

As the days passed Robert really seemed to have taken a new hold upon himself. He went out but little, and I did not question him. One night he came in about 10 o'clock and said carelessly:

"I stayed down and helped the boss tonight."

"What were you doing?" "Going thru stock mostly. I had told him he needed some thing that people were constantly asking for articles he did not carry, or had let run out. Then we rearranged the place, made it look more attractive and business-like."

"Whose idea was that?" "Oh I just said the goods weren't displayed to good advantage and the old duffer told me to go ahead and fix them. I guess he hasn't made much money lately. No wonder with his antiquated methods."

As Robert talked, a thought came to me—a thought so almost impossible fruition that I dared not give it words. If I should give up my

position, put Robert on his mettle because of that, would he come back? Had Mary been right all along, and had the lack of a home of his own, the knowledge I earned more than he did, been a deterrent to his ambition? Had I helped pull him down with my success?

It hardly seemed possible. But she thought had taken deeper root than ever before because of the animation Robert had shown for the first time in months. Had the close intimacy of the little flat, in lieu of a boarding house or restaurant, been a factor in this change? Had the plain, well-cooked food anything to do with it?

It is hard for a business woman to conceive that her ability, her earning power may be a stumbling block to the man she loves, especially if she is willing to share a common purse. Never had I spoken of MY money, or MY salary in a way to offend Bob. I had paid things very quietly so he wouldn't be hurt by the knowledge. I had tried in every way—even after I lost faith in his acumen—not to obtrude my own success. It did not seem possible that he could want me to give up my work and live on what he made.

This cubby hole of Mary's would be all we could afford, and it would be a strain to do that. I had saved a little, and was using it for my marketing, and so forth. Robert had no idea that the thick juicy steaks and

little delicacies he so enjoyed, were bought with my money. He thought he was paying for everything except the rent. That I had paid in advance before I told him I was going to take a vacation.

I led Robert back to the subject of improvements in the place where he worked. He grew quite animated again as he described more minutely what they had done that evening.

"It sounds good, dear. Your employer may appreciate what you do, and offer you more."

"No such luck." "Don't be a pessimist, Bob. Doesn't the Bible say that everything comes to him who believes?"

"Something like that!" "Well, we will both believe good things are coming to you."

"You are so interested, Gerry, why don't you run in some day when you are in that locality? Perhaps you could see ways to improve things—showing them I mean. A woman who has worked in such a swagger shop, should be able to give hints as to displaying goods, even sporting goods, to good advantage."

"I'll be delighted to come, I think sporting goods lend themselves very easily to display. I hope I can help you." Then fearing he might become pessimistic again, I changed the subject by proposing supper. These late suppers were his delight.

ARMENIANS SLAIN NUMBER OVER 8,000 IN SHORT TIME.

Constantinople, March 29.—Estimates of casualties in the massacres at Marash last month, sent here by Americans place the loss of life at about 8,000 Armenians. During the disorders 15 Turks were killed. There are 10,000 Armenian refugees in Marash, of whom 2,000 are sheltered in American orphanages and hospitals. Americans are also caring for wounded Turks, but there is great suffering at Marash, because of a lack of supplies, doctors and nurses. A wagon train of American supplies was pillaged early in March between Aintab and Marash. Forty per cent of the buildings at Marash were destroyed or rendered uninhabitable during the massacres. Nearly all the shops were destroyed and more than half of the churches and mosques were laid in ruins. The hills are so full of armed hands at present that traveling is almost impossible, but two more American doctors are now on their way to Marash from Adana, under guard of Turkish gendarmes. The situation is comparatively quiet at Marash, but great uneasiness is reported from there lest the French troops attempt to re-enter the town. The advisers declare this would, it is believed, endanger the lives of all Armenians. No word has been received in Constantinople as to what the effect has been on the cities of Antolia of the military occupation here by the entente.

EAST END NEWS

Mrs. Viola Booker of Mt. Vernon, O., visited Mr. and Mrs. Geo. J. Gaines, East Market street, yesterday. Mrs. Booker is a great missionary worker in the Methodist church of that place, and also an efficient trained nurse. Mrs. Charles Lockett of Springfield was in the city yesterday, the guest of Calvin Hatcher and family. The reorganization of the Baptist missionary work known as Xenia district, brought a number of delegates to this city yesterday from our surrounding towns. Springfield, Yellow Springs, Cedarville, Washington, C. H. and Chillicothe were well represented at the session which convened with the 3rd Baptist church. The following named persons were elected to office: For president, Mrs. Mary E. Harris, Xenia; first vice president, Mrs. Mary Hill, Chillicothe; second vice president, Mrs. Mamie Beeler, Springfield; recording secretary, Mrs. Cora Curl, Yellow Springs; corresponding secretary, Mrs. Jennie Hamilton, Cedarville; treasurer, Mrs. Fredrick Lockett, Springfield; superintendent of children's work, Mrs. Hattie Spencer, Xenia. Rev. Chas. Isam of Columbus, financial secretary for the state of Ohio, was also in attendance and delivered two instructive sermons, morning and evening. Mrs. Georgia Miller of Cincinnati, O., president of woman's work of the state, was also present and delivered an address in the afternoon to the district workers. Mrs. Laura Wheatley of East Second street, is very low with no hope entertained for her recovery. Clarence Smith delivered his initial sermon to a packed house at Zion Baptist church Sunday night. His delivery was good and for a young man just past 17 years, has prospects for a bright future. Dr. and Mrs. H. R. Hawkins motored to Middletown, O., and spent the day with Dr. and Mrs. Darnell. They report the doctor doing a thriving business in his new field. Mr. Charles Jenkins has accepted a position at Washington hospital. Mrs. Estelle Borden will hereafter be collector for Dr. H. R. Hawkins, on account of his business being so pressing. Mrs. Anderson Penn of Fair street was happily surprised Thursday by Mrs. Wm. Davis of Dayton, who brought her a bucket of lard, and a basket laden with groceries.

GREENE COUNTY WOMAN CALLED BY DEATH SAT.

Mrs. Gussie Ashbaugh, wife of Ben Ashbaugh, died Saturday afternoon at her home in the Ludlow neighborhood. Mrs. Ashbaugh was formerly Miss Gussie Greene. She leaves her husband and five children, Grace 18, Rebecca 16, Ruth 14, Robert 10 and Margaret 7. She is also survived by one sister, Mrs. Emma Miller of Byron, and five brothers, J. F. Greene, J. W., S. H. Basil, George E. and Lewis. Mrs. Ashbaugh was a member of the Reformed church at Byron, where funeral services will be held Tuesday afternoon at two o'clock.

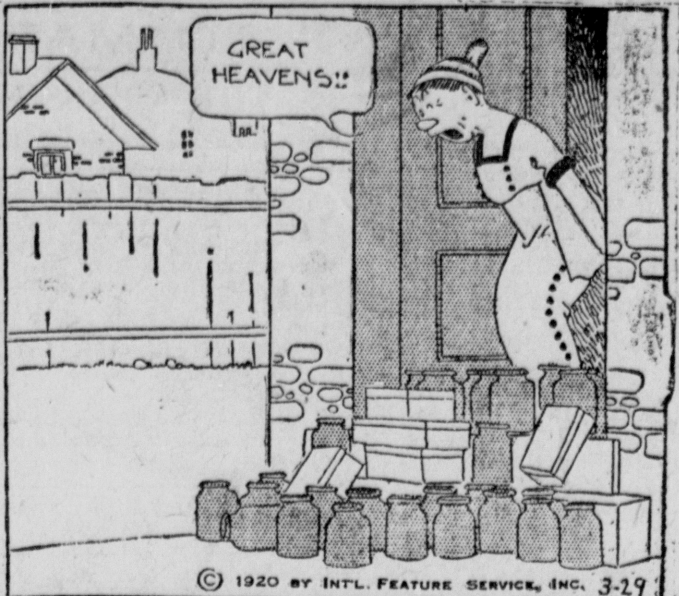

SMALL FIRES TAKE TOLL IN RESIDENCES OVER THE WEEK END

A small hole in the roof was burned at the home of George Martin on South Miami avenue at nine o'clock Monday morning. The blaze caught from a spark from the flue. The fire was extinguished by the fire department with little trouble. Sparks from the flue are also blamed for a small fire at the home of Joseph McCabe on Maple street about ten o'clock Sunday morning. A small hole was burned in the roof of a rear porch and the blaze was extinguished by the fire department. The McCabe house was damaged by fire on New Years day when it caught from the fire at the J. A. Bales home next door. The fire department was called out Sunday night when someone saw the glow in the sky from the Townsley fire near Cedarville and thought that there was a fire on Jefferson street.
